ABOUT US

who we are

Kim Hin Joo (Malaysia) Berhad (“KHJ” or the “Group”) is a trusted partner in parenting and a recognised leader in the baby, children and maternity products segment in Malaysia. Backed by decades of industry experience, we have built a reputation synonymous with quality, reliability and innovation, offering families a comprehensive range of products that support and enrich every stage of parenthood.

Since our establishment in 1987, when our founder introduced the UK-based Mothercare franchise to Malaysia, the Group has grown into a premier retailer and distributor of baby, children and maternity products nationwide. As the exclusive franchisee of Mothercare in Malaysia, we combine global brand heritage and product standards with deep local market insights to deliver a differentiated and seamless shopping experience.

vision

To be Malaysia's most trusted and preferred provider of baby, children, and maternity products, delivering quality, innovation, and expertise that support families at every stage of parenthood.

mission

- To offer a comprehensive and thoughtfully curated range of baby, children, and maternity products that prioritize safety, comfort, and style.
- To provide an exceptional shopping experience through seamless integration of retail and digital platforms, making parenting easier and more enjoyable.
- To continuously innovate and improve our product offerings, ensuring we meet the evolving needs of modern families.
- To uphold the highest standards of customer service, fostering trust and long-term relationships with parents and caregivers.
- To expand our reach and accessibility through a strong distribution network, ensuring quality products are available to families nationwide.
- To embrace sustainability and responsible business practices, contributing positively to the community and environment.

OUR BUSINESS OPERATIONS

Retail

Kim Hin Joo offers a diverse selection of baby, children, and maternity products through multiple sales channels, including Mothercare outlets, Early Learning Centre store-in-store (“ELC SIS”) concepts, The Entertainer outlets, the Mothercare online store, online marketplaces, and Baby Expos.

Our outlets are strategically located in major shopping malls, provide clothing, home and travel essentials such as strollers, car seats, and baby carriers, sourced primarily from the United Kingdom to ensure high quality and safety. To provide a holistic shopping experience, we continue to offer a curated range of educational toys products across our store network.

While we are streamlining our outlets and store-in-store concepts, such as the ELC SIS and The Entertainer, we remain committed to the toys category by integrating premium brands that are more relevant to the current market demand.

As of 31 December 2025, KHJ operated:

- 14 Mothercare outlets
- 6 Early Learning Centre SIS
- 3 The Entertainer stores across Malaysia.

Distribution

In addition to retail, our Group maintains an extensive distribution network to ensure accessibility of quality parenting products across Malaysia.

We supply baby nursing products, toiletries, and essential home and travel items to:

- Specialty baby and toy stores
- Department stores and hypermarkets
- Online retailers
- Pharmacies
- Traditional Chinese medical halls
- Corporate partners

Through this diversified channel strategy, we reinforce our commitment to nationwide accessibility and market reach.

Mr Pang Kim Hin does not hold any directorship in other public companies and listed corporations

▶ Family Relationship with any Director and/or Major Shareholder of the Company:

Mr Pang Kim Hin is the father of Mr Pang Fu Wei, who is our Managing Director. Mr Pang Kim Hin is a major shareholder of KHJ and also a director and major shareholder of Kim Hin International Pte Ltd ("KHI"), a major shareholder of KHJ.

▶ Working Experience:

Mr Pang Kim Hin has over 45 years of working experience across a wide range of industries.

An engineer by training, he started his career with Guthrie Engineering (S) Pte Ltd in Singapore before leaving the company in 1981 to join his family-owned investment holding business, Kim Hin Joo Pte Ltd. He was subsequently appointed as director of Kim Hin Joo Pte Ltd in May 1987, where he still serves as a board member.

He founded Mothercare (S) Pte Ltd ("Mothercare SG") in March 1985, and opened the first Mothercare outlet in Singapore in The Centrepoint shopping mall that year.

He was appointed as Director of Kim Hin Joo (Malaysia) Berhad ("KHJ") in September 1986, and opened the first Mothercare outlet in Malaysia in KL Plaza, Kuala Lumpur, in April 1987.

In 2015, he relinquished all his roles in Mothercare SG to his son, Mr Pang Fu Wei, as well as his executive roles in KHJ to his daughter, Ms Pang Shu Ming. He has since maintained a non-executive role in KHJ.

Mr Pang Kim Hin continues to helm the overall operations of Mother and Child Ltd, the franchise holder of the Mothercare brand in Hong Kong, after taking over the company in March 1992.

He founded Global Outsource Solutions Pte Ltd ("Global Outsourced") in 2003 to foray into the distribution business of baby, children, and maternity products in Singapore. He subsequently introduced the distribution business to Malaysia and Hong Kong by establishing Global Product Solutions Sdn Bhd in 2008 and Trade Solutions Ltd in 2017, respectively.

Mr Pang Kim Hin previously served as a board member of the National Trades Union Congress Co-operative Commonwealth for Transport Ltd as well as the Public Utilities Board in Singapore. He also served as a non-executive board member of Comfort Group Ltd, a land transport company that was listed on the Singapore Exchange Limited between July 1993 and April 2003.

▶ Time Committed:

Mr Pang Kim Hin attended 5 out of 5 Board of Directors' Meetings held during the FYE2025.

► **Family Relationship with any Director and/or Major Shareholder of the Company:**

Mr Pang Fu Wei is the son of Mr Pang Kim Hin and also a director of KHI, a major shareholder of KHJ.

► **Working Experience:**

Mr Pang Fu Wei was appointed as the Managing Director of our Group on 1 July 2020, bringing with him over a decade of experience in mother & baby retail.

Since his appointment, he has helped shaped the company's direction by emphasizing digital transformation and experiential retailing in Malaysia. Mr Pang began his journey in Mothercare SG in 2013 as a Business Development Manager. His early role involved managing the flagship store, where he notably implemented a pioneering e-commerce strategy and introduced a retail diagnostics framework. These initiatives not only enhanced operational efficiencies but also set new benchmarks for data-driven business decision-making within the business.

In 2015, Mr Pang was promoted to Executive Director, where he assumed the mantle of Head of Merchandising and Marketing. His tenure in this role was marked by significant achievements, including the expansion of the flagship store and the introduction of new brands into the Mothercare portfolio. Notably, his implementation of a customer relationship management system that allowed for marketing automation at Mothercare.

Mr Pang was subsequently promoted to Managing Director of the Singapore group in 2017. Under his guidance, the company embarked on 'Retail 2.0', a transformative project that redefined the retail and distribution business through digitization, process redesign, and strategic brand repositioning.

In his current role at Kim Hin Joo (Malaysia) Berhad, Mr Pang Fu Wei continues to demonstrate his hands-on and forward looking approach to the business. He has spearheaded the digitization of operations and introduced the innovative 'Mothercare Experience Store' concept in Malaysia, enhancing customer engagement.

CHAIRMAN'S STATEMENT

“

Dear valued shareholders,

The financial year ended 2025 remained another challenging period for the Group. The retail landscape continued to face headwinds, shaped by cautious consumer sentiment, elevated cost pressures and rapid shifts in purchasing behaviour. Within our baby and parenting retail sector, birth rates have declined year on year, while shoppers have become increasingly comfortable with online alternatives, broader formats and aggressive price comparison. These shifts reflect lasting changes in consumer behaviour rather than short-lived cyclical trends.

OPERATIONAL DISCIPLINE AMID CHALLENGING CONDITIONS

For the financial year under review, the Group recorded revenue of RM77.13 million, with loss attributable to shareholders of RM4.44 million. While performance continued to reflect the impact of the broader baby and parenting retail environment, the actions taken during the year have strengthened the Group's operational foundations and financial flexibility.

Operational discipline had remained the cornerstone of our turnaround strategy. We successfully addressed previous ageing inventory across the network and transitioned to a leaner, more relevant stock profile. With cleaner inventory positions, the Group is now better positioned to rebuild margins, and we are beginning to see early signs of margin improvement.

We continued to manage costs prudently, drive productivity across our supply chain, and strengthen collaboration with our principal. Through improved engagement, better volume planning, and clearer alignment on demand, we were able to secure more competitive pricing, supporting margin amid a difficult retail backdrop.

Similarly, the restructuring of the Group into a single operating entity in 2025 has begun to bear fruit, improving productivity, simplifying operations and reducing duplication and working capital intensity.

Alongside these structural changes, we introduced our new corporate values under the PRISM framework, which provides a clear and consistent foundation for how we operate as an organisation. These values serve as a cultural anchor during a period of transformation, reinforcing discipline, collaboration and ownership across the Group.

BALANCING OPPORTUNITIES AND COST PRESSURES

The broader Malaysian economic backdrop provides important context for our plans. According to the International Monetary Fund, Malaysia's economy is expected to grow at a steady pace in 2026 with GDP forecasts of 4.30%, underpinned by resilient private consumption, robust domestic demand, and strong high-value investment in technology.

Retail sector fundamentals present a mixed but overall constructive picture. The Retail Group Malaysia maintained a 4.0% annual growth target for 2026, assuming the Middle East conflict remains contained. Similarly, the Malaysia government continue to support household income, including civil servant pay adjustments, expanded cash assistance, and managed energy and fuel prices are expected to bolster private consumption and provide a

buffer for consumer confidence. Retailers are anticipating stronger sales around festive periods and tourism-linked demand, particularly with the Visit Malaysia Year 2026 initiative, which targets high tourist arrival numbers and increased spending activity in major urban and hospitality hubs. The local currency has also strengthened, which provides marginal procurement cost relief for our imported inventory items and supports broader cost management strategies.

Despite these constructive macro drivers, the operating environment remains fluid. The escalation of tensions between the United States and Iran has introduced new layers of complexity, primarily through increased volatility in global commodity markets and potential supply-chain disruptions. While we currently observe stability in our core supply lines, we are closely monitoring the potential for imported inflationary pressures, particularly regarding rising logistics costs and energy-linked input expenses. Furthermore, the expansion of Malaysia's Sales and Service Tax (SST) continues to influence the cost structure of our retail operations, requiring us to maintain rigorous discipline in our procurement and rental management strategies.

Nevertheless, we remain cautiously optimistic. The changes implemented over the past two years have reshaped the Group into a more flexible and adaptable entity, better equipped to respond to evolving consumer needs and market dynamics. We expect our past and ongoing initiatives to support an improvement in same-store sales growth across our physical retail network, alongside continued margin recovery driven by healthier inventory levels, stronger brand relevance and disciplined cost management.

BUILDING STRENGTH THROUGH OUR PEOPLE AND LEADERSHIP

Human capital remains one of the Group's most important assets. We place strong emphasis on local hiring and on supporting the vulnerable members of our communities, wherever we can, to make a difference. We firmly believe that our people are central to the Group's long-term success. To support their development, we continue to invest in regular training and capability-building programmes aimed at enhancing skills, fostering engagement and driving performance across the organisation.

UPHOLDING INTEGRITY, ACCOUNTABILITY, AND STRONG GOVERNANCE

Integrity and ethical conduct remain at the core of the Group's principles. The Board continues to play an active role in ensuring effective governance, transparency and sound risk management. To support these standards, the

CHAIRMAN'S STATEMENT

Group has comprehensive policies in place, including the Business Code of Conduct and Ethics, Anti-Bribery and Anti-Corruption Policy and Related Party Transaction Policy. The Board continually strive to ensure best practices are being maintained and that governance is integral to our strategy and decision making processes for the benefit of our shareholders and other stakeholders.

OUR COMMITMENT TO ENVIRONMENTAL RESPONSIBILITY

Sustainability remains an important focus for the Group. Since financial year 2023, we have progressively introduced eco-friendly products and encouraged more sustainable retail practices, including the use of recyclable bags and biodegradable plastic bags to help reduce environmental impact. By incorporating more sustainable products into our portfolio, we aim to encourage our customers to take small but meaningful steps towards a more sustainable future. We believe that collective action, even in small measures, can contribute positively to environmental preservation, and we will continue to explore broader sustainability initiatives in the years ahead.

RECOGNISING SHAREHOLDER SUPPORT

To recognise the continued support of our shareholders, the Board is pleased to recommend a dividend of 0.1 sen per share. This recommendation takes into account the Group's current financial position, cash flow requirements and prevailing operating conditions, while reflecting our confidence in the Group's resilience and longer-term prospects.

APPRECIATION

On behalf of the Board, I would like to thank our shareholders for their continued patience and support during this period of transition. I am also grateful to our customers, suppliers, landlords, bankers and business partners for their cooperation and trust. To my fellow Board members, I would like to extend my gratitude for your invaluable guidance and unwavering support to the management.

Finally, I would like to express my sincere appreciation to our management team and employees. Their commitment, adaptability and resilience have been instrumental in executing the difficult but necessary changes undertaken during the year. Their efforts have laid a stronger foundation for the next chapter of Kim Hin Joo's journey.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF THE KHJ GROUP

Kim Hin Joo (Malaysia) Berhad is a premier retail specialist listed on the ACE Market of Bursa Malaysia Securities Berhad. We are dedicated to providing high-quality baby, children, and maternity products to families across Malaysia.

Today, KHJ boasts a diversified portfolio spanning apparel, home essentials, travel gear, and toys. Leveraging an extensive distribution network and a robust market presence, we continuously optimise our retail footprint and operational efficiencies to stay ahead of evolving consumer trends. Our business is anchored by two strategic divisions:

Retail: A multi-channel ecosystem comprising physical outlets, e-commerce platforms, and high-visibility participation in major Baby Expos.

Distribution: A wide-reaching wholesale arm that supplies premium products to a network of local and international retailers.

(i) Retail

Our physical retail segment continues to account the largest revenue contributor to our Group.

We offer a wide range of baby, children, and maternity products through multiple sales channels, including Mothercare outlets, ELC SIS, The Entertainer outlets, the Mothercare online store, online marketplaces, and Baby Expos.

We primarily source our products from Mothercare UK, ELC UK and The Entertainer UK, operating under formal Development and Operational Agreements with our respective UK principals.

As of the financial year ended 31 December 2025 ("FYE2025"), KHJ operated 14 Mothercare outlets, 6 ELC SIS, and 3 The Entertainer outlets nationwide. Beyond Mothercare, ELC, and The Entertainer products, we also carry various third-party brands.

Our online presence continued to expand, with a substantial range of clothing, home essentials, travel products, and toys available on our e-commerce platform, the Mothercare online store. Additionally, our products are listed on leading online marketplaces such as Lazada and Shopee.

To further expand our sales, we participated in 3 Baby Expos in FYE2025.

For the year under review, the Retail segment recorded revenue of RM67.60 million, representing 87.65% of the Group's total revenue.

(ii) Distribution

Under the Distribution segment, our Group partners with a diverse range of brands in home and travel products, supplying them to specialty baby and toy stores, departmental stores, hypermarkets, online platforms, pharmacies, traditional Chinese medical halls, and other corporate partners.

A small portion of the Group's sales comes from departmental stores, where our products are sold on a consignment basis.

In FYE2025, the Distribution segment recorded revenue of RM9.53 million, contributed 12.35% of our Group's total revenue for the year under review.

KEY DEVELOPMENTS FOR FYE2025

Overall, FYE2025 remained a challenging year, as macroeconomic uncertainties and subdued consumer sentiment continued to weigh on the retail landscape. Against this backdrop, the Group remained focused on strengthening its fundamentals, inventory discipline and store optimisation.

Inventory management was a key priority throughout the year. We maintained a disciplined approach to inventory planning, actively reducing ageing and slow-moving stock while aligning procurement more closely with demand trends. This allowed the Group to improve inventory turnover, reduce working capital intensity and create capacity to refresh our product assortment with newer, more relevant and trend-driven offerings. As a result, we are better positioned to meet evolving customer preferences and support margin recovery.

Store optimisation was another major focus area in FYE2025. The Group continued to rationalise its retail footprint by closing underperforming outlets and resizing selected stores to improve productivity per square foot. In parallel, we commenced the gradual exit of ELC SIS and The Entertainer outlets, with the intention to fully exit the concept by 2026.

This transition marks a deliberate shift toward a more curated approach. Rather than exiting the toy category, we are refining our product assortment to prioritise premium brands that are more relevant to the current market demand while remaining aligned with our core proposition.

This decision reflects our strategy to concentrate resources on core concepts and channels with stronger long-term growth and profitability potential, while reducing exposure to higher fixed-cost formats in a challenging retail environment.

In FYE2025, we also expanded our portfolio by securing the rights to several premium baby and children brands, including Jamie Kay, Snuggle Bunnies, Noodoll and Mini Monkey, with additional brands in the pipeline. These brands enhance our product differentiation, strengthen our market positioning and support the Group's strategy to build a more resilient margin.

Our e-commerce business maintained strong momentum and remains a critical pillar of our omni-channel strategy. In 2025, online sales grew by 36% reflecting continued investment in digital capabilities and the ongoing shift in consumer behaviour. We will continue to build on this growth as part of an integrated omni-channel approach.

Meanwhile, our strengthened balance sheet positions us well to navigate uncertainties, maintain operational stability, and capitalise on new growth opportunities. We remain committed to investing in areas that enhance long-term value, including infrastructure upgrades and the acquisition of new brands.

STRATEGIES FOR FYE2026

While the past few years have been challenging, the decisive actions taken to clear legacy inventory, optimise our retail footprint and strengthen operational discipline have laid a more solid foundation. With these initiatives gaining traction, the Group is better positioned to stabilise performance, drive growth and enhance long-term value for our stakeholders.

The Group's key strategic priorities for FYE2026 are as follows:

Store Optimisation and Portfolio Rationalisation

We will continue to optimise our retail network by closing outlets that consistently underperform and improving productivity across remaining stores. As part of this strategy, the Group will complete the exit from The Entertainer concept, allowing management to focus resources on core retail formats and channels with stronger profitability and growth potential.

Strengthening and Refreshing Our Brand Portfolio

The Group will continue to enhance its portfolio of brands by selectively introducing products that offer stronger margin profiles and higher sales velocity. Our focus remains on brands that resonate with customers, support differentiation and align with evolving consumer preferences.

MANAGEMENT DISCUSSION AND ANALYSIS

cont'd

The Group's key strategic priorities for FYE2026 are as follows:

Disciplined Cost Management and Supplier Collaboration

Cost discipline remains a priority. We will continue to work closely with our suppliers to secure more favourable commercial terms through better volume planning, deeper partnerships and improved supply chain coordination, supporting margin resilience in a competitive environment.

Driving Same-Store Sales Growth

Ultimately, these initiatives are aimed at improving same-store sales growth, supported by refreshed product offerings, more productive store formats and improved customer engagement across both physical and digital channels.

FINANCIAL PERFORMANCE REVIEW

During the year under review, KHJ recorded a revenue of RM77.13 million, representing a decrease of 16.69 % from RM92.58 million in FYE2024.

The decrease in revenue was mainly attributable to lower sales volume in the Retail segment, primarily due to lower sales performance and closure of stores. Additionally, declining birth rates in Malaysia further contributed to the sales challenges.

In line with the lower revenue, KHJ posted a loss before tax of RM3.72 million in FYE2025.

Financial Position

KHJ's balance sheet remains healthy. As at FYE2025, our Group's cash and bank balances stood at RM36.10 million, with zero borrowings. Our net current assets were valued at RM58.33 million.

Total equity attributable to owners was RM68.02 million as at FYE2025, while net assets per ordinary share attributable to owners stood at 17.90 sen.

Capital Expenditure

Our capital expenditure for FYE2025 amounted to RM2.22 million, primarily allocated towards store refurbishments and infrastructure improvements. These investments are expected to enhance customer experience and drive long-term value creation.

Capital Management

There was no change in the share capital of the Company during the financial year under review.

Stakeholder Engagement Communication Model

We continuously maintain our engagement with both internal and external stakeholders, understanding their key issues that could potentially be related to our sustainability matters across our economic, environmental, and social initiatives.

Through continuous engagement across our operational value chain, we exchange perspectives on key sustainability issues and provide transparent insights into our sustainability journey. At the same time, we offer stakeholders a platform to raise concerns, provide feedback, and contribute ideas that strengthen our long-term strategy for sustainable growth.

The table below outlines our key stakeholder groups, their areas of concern, and the engagement channels utilised during FYE2025.

Key Stakeholder Groups	Areas of Interest	Our Response to Concerns
Shareholders and Investors	Business direction, financial performance, and ESG transparency.	Timely disclosures on Bursa Securities, Annual Reports and Annual General Meetings (AGM).
Customers	Product safety, quality, and seamless omni-channel experience.	Rigorous quality assurance, active social media engagement, and responsive customer service support.
Employees	Well-being, fair wages, career progression, and workplace safety.	Structured training programs, appreciation awards, and a 100% local talent development focus.
Suppliers & Mall Operators	Fair procurement, ethical sourcing, and long-term lease stability.	Transparent procurement processes and maintaining proactive engagement with mall partners to support mutual operational stability.
Government & Authorities	Regulatory compliance, tax contributions, and sustainability reporting.	Strict adherence to Malaysian laws (e.g., MACC, PDPA, OSHA) and proactive compliance reporting.
Local Community	Community enrichment and ethical product transparency.	Educational parenting workshops and in-kind product support for vulnerable communities across Malaysia.

We track and measure our sustainability performance through clearly defined Key Performance Indicators that integrate ESG considerations into our operations and decision-making processes. These measurable indicators enable us to monitor progress, identify areas for improvement, and ensure accountability.

By focusing on tangible outcomes, we reinforce our commitment to creating lasting positive environmental and social impact while supporting sustainable value creation for our stakeholders over the long term.

Emissions Management & Green Mobility

In FYE2025, we took a significant step in our sustainability journey by formalizing the tracking of our **Carbon Footprint**. To actively reduce our **Scope 1 emissions**, we have commenced our transition to green mobility by replacing a conventional internal combustion engine (ICE) vehicle with our first **Electric Vehicle (EV)**. This pilot initiative allows us to evaluate the efficiency and infrastructure requirements for a low-carbon fleet in the future.

Waste & Resource Management

In alignment with Malaysia’s circular economy goals, KHJ is committed to eliminating single-use plastic pollution across our retail operations. We actively promote sustainable shopping habits by **exclusively offering reusable bags** at all our outlets, effectively phasing out conventional plastic carriers.

By prioritizing durable, multi-use alternatives, we ensure full compliance with state-level environmental regulations while significantly minimizing our contribution to landfill waste. This transition reflects our dedication to responsible consumption and our long-term vision for a cleaner, greener Malaysia.

Diversity Policy and Equal Opportunity

Our Diversity Policy is built on the principle of meritocracy. By fostering an environment where women thrive, we have achieved a **78% female representation**. This ensures our frontline and management teams possess the empathy and first-hand understanding required to serve the Malaysian families who shop with us.

Our commitment to equal opportunity is reflected in our leadership pipeline, where women hold 69% of management positions, driving our business growth.

Employee Turnover and Hires

In FYE2025, we continued to refine our workforce to meet the evolving demands of the retail landscape. During the year, we welcomed **34 new hires** into the Group, bringing fresh perspectives and specialized skills to our front-line and support teams.

Our employee turnover rate for the year stood at **33%**, involving **72 departures**. We view this as part of a natural post-pandemic stabilization and strategic rightsizing of our operations. To ensure long-term stability, we remain focused on enhancing our ‘Family-first’ value proposition—including our **98-day maternity leave, 7-day paternity leave, and technical upskilling programs**—to improve retention and maintain our position as a preferred employer in the Malaysian specialty retail sector.

SUSTAINABILITY STATEMENT

cont'd

Local Hiring and Social Equity

KHJ remains steadfast in its commitment to strengthening the Malaysian economy by creating high-quality employment opportunities for our local community. As part of our mission to contribute to poverty alleviation and social inclusion, we are proud to report 100% Local Hiring across our retail outlets, warehouse, and head office as of 31 December 2025.

By investing exclusively in local talent, we ensure our team possesses the cultural nuances and language skills required to provide exceptional service to Malaysian families. This approach not only bolsters our operational success but also ensures that our business growth translates into meaningful economic support for the regions where we operate.

Ethical Recruitment and Human Rights

Our recruitment practices are built on the foundation of **Social Equity** and strict adherence to the **Employment Act 1955**. KHJ maintains a zero-tolerance policy towards forced labour, child labour, and any form of modern slavery across our entire value chain. We operate under the **'Employer Pays' principle**, ensuring that no recruitment fees or hidden costs are ever charged to our candidates. Furthermore, our commitment to human rights extends to ensuring fair wages that meet or exceed the **Minimum Wage Order**, alongside a regulated 45-hour work week. By focusing on **100% Local Hiring**, we ensure our recruitment process remains transparent, merit-based, and deeply rooted in supporting the Malaysian community.

Training and Development

At KHJ, we recognize that our people are our greatest asset. To maintain our position as a trusted specialist in the maternity and childcare sector, we provide rigorous training programs designed to enhance both technical expertise and service excellence.

In FYE2025, we continued to invest in career advancement, ensuring our team is equipped to support the modern Malaysian family. Our training framework is divided into three key pillars:

SUSTAINABILITY STATEMENT

cont'd

Maternity and Paternity Support

At KHJ, we believe that supporting our employees during the milestone of parenthood is essential to fostering a loyal and high-performing workforce. In FYE2025, we remained steadfast in our commitment to work-life balance, providing 98 days of maternity leave for our female staff and 7 days of paternity leave to support our new fathers.

As a specialist in the baby and maternity sector, we celebrate our employees' growing families with a meaningful 'New Parent' gesture. Every returning parent in FYE2025 was given the choice of a new stroller or a breast pump, along with a complete newborn feeding set.

During the year, 8 employees benefited from these parental leave policies. We are proud to report that 75% of these employees successfully returned to their roles, demonstrating the effectiveness of our family-friendly workplace in retaining experienced talent and supporting the 'next generation' of the KHJ family.

Occupational Health and Safety

The health, safety, and well-being of our 100% local workforce are fundamental to our operational integrity. Our approach is strictly guided by the **Occupational Health and Safety Act 1994 (OSHA)** and internal safety frameworks designed to protect our employees across our retail outlets, head office, and warehouse facilities.

We maintain a robust **Safety and Health Committee** consisting of **16 members** divided into specialized sub-units for **Emergency Response, Firefighting, and Evacuation**. This committee ensures that all operational activities particularly equipment handling and logistic undergo thorough risk assessments.

Through continuous safety briefings and strict adherence to safety protocols, we are proud to report that there were **no work-related fatalities, no lost-time injuries, and zero instances of non-compliance** regarding workplace safety regulations in FYE2025. We remain committed to fostering a 'Zero-Harm' culture where every employee can perform their role in a secure and supportive setting.

Product Quality and Safety

As a premier specialist in the maternity and childcare sector, the safety of the infants and families we serve is our highest priority. We maintain a robust **Product Quality Assurance** framework that ensures all items—from car seats and strollers to educational toys—meet or exceed global and Malaysian safety standards. Our procurement process involves rigorous vetting of suppliers and brand partners to ensure compliance with international certifications. Furthermore, we maintain an active **Product Recall Protocol** and safety advisory system, ensuring that any quality concerns are addressed with immediate transparency. In FYE2025, the Group is proud to report zero incidents of non-compliance concerning the health and safety of our products.

Customer Health and Safety

We are committed to providing a secure and inclusive shopping environment for all parents, children, and expectant mothers. Our retail outlets are designed with safety as a core principle, featuring wide, unobstructed aisles for stroller access and child-friendly store layouts. To ensure a 'Zero-Harm' experience, our store managers conduct daily safety walk-throughs to identify and mitigate potential hazards such as slips, trips, or falling objects. For FYE2025, we recorded **zero customer accidents or safety-related grievances** across our nationwide network of stores, reflecting our dedication to maintaining a safe haven for the families who shop with us.

SUSTAINABILITY STATEMENT

Community Engagement and Social Responsibility

As a leader in the baby and maternity industry, KHJ's responsibility extends beyond our retail floors. We are committed to empowering the next generation of Malaysian parents by providing the knowledge and resources necessary to raise healthy, happy children.

In FYE2025, we continued our mission of **Community Education** through a series of in-store and digital workshops. Led by certified experts, these sessions covered critical topics such as **Newborn Care, Breastfeeding Support, and Car Seat Safety**. By offering these resources free of charge, we ensure that essential parenting knowledge is accessible to all segments of the community.

Furthermore, the Group remains dedicated to supporting vulnerable families through our **Charitable Partnerships**. Whether through seasonal donation drives or the provision of essential baby goods to local shelters, we strive to ensure that every child in Malaysia has a fair start in life.

Business Code of Conduct and Ethics

The KHJ Business Code of Conduct and Ethics ('the Code') serves as the foundational framework for our corporate culture and operational integrity. It outlines the professional standards and ethical expectations for all Board members, management, and employees across our retail outlets and corporate offices.

The Code covers critical areas including conflict of interest, workplace conduct, and the protection of Group assets. By ensuring that every team member understands and adheres to these principles, we maintain a workplace built on trust and accountability. In FYE2025, the Code remained our primary tool for ensuring that our business growth is achieved through fair and transparent practices. All new hires undergo mandatory orientation on the Code to ensure our ethical values are upheld from their first day with the Group.

Anti-Bribery and Anti- Corruption Policy

In line with the amendment to the Malaysian Anti-Corruption Commission Act 2009 ("MACC Act 2009"), particularly Section 17A, our Group adopted and implemented the Anti-Bribery and Anti-Corruption Policy ("ABAC Policy") in May 2020. This policy sets out comprehensive guidelines, internal standards, and procedures to reinforce the core principle outlined in our Business Code of Conduct and Ethics.

As part of our commitment to transparency and ethical business practices, the ABAC Policy is published on our website, and compliance is mandatory for all employees. This ensure that our operations remain economically, socially and environmentally sustainable while maintaining the highest standards of integrity.

Anti-Bribery and Anti-Corruption Performance

	2025	2024
Confirmed incidents of corruption	0	0
Number of action(s) taken	0	0

During the reporting period, the Group recorded zero confirmed incidents of bribery, corruption, or regulatory non-compliance, reflecting our continued commitment to maintaining strong ethical standards across all levels of the organisation. Internal governance mechanisms, oversight processes and established policies support the Group's efforts to ensure that employees and business associates adhere to responsible business practices and regulatory requirements.

To uphold our zero-tolerance approach to bribery and corruption, our Group has established dedicated reporting channels for any violations of this policy. This is further supported by our Whistleblowing Policy, which provides a secure and confidential avenue for employees and stakeholders to report concerns or malpractices.

Whistleblowing and Grievance Mechanisms

Our Whistleblowing and Grievance Mechanisms, as set out in Clause 10.9 Whistleblowing Policy and Chapter 11: Grievance Reporting & Management of the Company Employee Handbook, ensure that all employees have a safe and transparent pathway to voice their concerns. Guided by the **Employment Act 1955**, this framework guarantees that every report from workplace disputes to policy violations is investigated with impartiality and resolved promptly, ensuring a fair and respectful work environment for our 100% local workforce.

Supply Chain Management

KHJ remains committed to building a resilient and sustainable supply chain that supports both global excellence and local economic growth. In FYE2025, **27%** of our total procurement spending was successfully directed toward local suppliers, including our logistics operations.

This significant investment in the Malaysian ecosystem is balanced with our exclusive international partnerships, ensuring our customers have access to the world's leading maternity and childcare brands. By diversifying our vendor base, we not only optimize our inventory turnover but also mitigate risks associated with global shipping volatility, ensuring the consistent availability of premium products across our omni-channel footprint.

Data Protection

In an increasingly digital retail landscape, safeguarding personal data is fundamental to maintaining the trust of the families we serve. We strictly adhere to the **Personal Data Protection Act 2010 ('PDPA')**, governing every touchpoint from our physical POS systems to our e-commerce platforms.

Our defence strategy includes multi-layered technical safeguards, including encrypted system access and stringent authentication mechanisms. Access to sensitive customer information is restricted to authorized personnel on a 'need-to-know' basis only. For the reporting year of FYE2025, the Group recorded **zero substantiated complaints** concerning breaches of customer privacy or losses of customer data.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of KHJ is pleased to provide an overview of the Company's corporate governance practices during the FYE 2025 with reference to the three (3) key principles of good corporate governance as set out in the Malaysian Code on Corporate Governance 2021 ("MCCG"). The Company's application of each practice set out in the MCCG during the FYE 2025 is disclosed in the Company's Corporate Governance Report ("CG Report") which is available on the Company's website at www.khj-my.com and via the Company's announcement made to Bursa Securities.

This statement is prepared in compliance with Bursa Securities' ACE LR based on the prescribed format as outlined in Rule 15.25(2) of the ACE LR and it is to be read together with the CG Report. The Board recognises the importance of good corporate governance and is committed to ensuring that good corporate governance is practised throughout the Group in order to safeguard stakeholders' interests as well as enhance shareholders' value.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

1. BOARD RESPONSIBILITIES

(i) Roles and Responsibilities of the Board

The Group is headed by an experienced and effective Board. The Board assumes overall responsibility in leading the strategic direction, future expansion, corporate governance, risk management, human resource planning and overseeing the proper conduct of business of the Group.

The Board is guided by a Board Charter which sets out the respective roles of the Board, the Chairman of the Board, the Managing Director ("MD"), Executive Director ("ED"), Chief Financial Officer ("CFO"), Independent Directors ("IDs") and Senior ID.

(ii) Overseeing the Conduct of the Business

The Board is responsible for the performance and affairs of the Group as well as to provide leadership and guidance in setting the strategic direction of the Group.

The Board also ensures the Group is managed in compliance with relevant regulatory requirements, standards, policies and guidelines applicable to the Group.

The Board delegates the implementation of its strategies to the Management. However, the Board remains ultimately responsible for corporate governance and the affairs of the Company, in order to ensure resources are in place for the Company to meet its objectives, and that strategies are aligned to the interests of shareholders and stakeholders. The MD would present his updates on various material operational issues, if any, at every quarterly Board Meeting.

In the interest of maintaining a reasonably sound internal control system of the Group, the Company has in place Limits of Authority to provide the Management with a set of guidance and approval process for its day-to-day operations.

(iii) Separation of the Positions of the Chairman and Managing Director

The functions of the Chairman as well as those of the MD are clearly segregated to ensure that there is a balance of power and authority.

As Chairman, Mr Pang Kim Hin leads and manages the Board by focussing on strategy, governance and compliance.

Mr Pang Fu Wei, the MD, focuses on the business and day-to-day management of the Group, ensures the effective implementation of the Board's decisions, Group's business plans and policies established by the Board as well as manages the daily conduct of the business.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS *cont'd*

1. BOARD RESPONSIBILITIES *cont'd*

(iii) Separation of the Positions of the Chairman and Managing Director *cont'd*

The Board is of the view that the distinct and separate roles of the Chairman and MD are held by different individuals. The Board is of the view that clearly distinct roles and responsibilities, enable a balance of power and authority, such that no one individual has unfettered powers of decision-making, and are clearly defined in the Board Charter.

(iv) Company Secretaries

The Board is supported by two (2) suitably qualified and competent Company Secretaries, namely Ms. Tai Yit Chan and Ms. Tan Ai Ning.

Both the Company Secretaries are members of the Malaysian Institute of Chartered Secretaries and Administrators ("MAICSA") and are qualified to act as company secretary under Section 235(2) of the Companies Act 2016 ("the Act"). Details of the qualifications, experience and the roles and responsibilities of the Company Secretaries are set out in the Board Charter, available for viewing on the Company's website at www.khj-my.com.

Every Director has ready and unrestricted access to the advice and services of the Company Secretaries in ensuring the effective functioning of the Board. The Directors are regularly updated and advised by the Company Secretaries on new statutory and regulatory requirements issued by regulatory authorities and its implications to the Company and the Directors in relation to their duties and responsibilities. Moreover, the Company Secretaries ensure that the deliberations at the Board Meetings are well captured and minuted. The Company Secretaries also play a key role in facilitating communication between the Board and Management.

The Company Secretaries have and will continue to keep themselves abreast on matters concerning company law, capital market, corporate governance, and other pertinent matters, and with changes in the same regulatory environment, through continuous training and industry updates. They have also attended various relevant continuous professional development programmes as required by MAICSA and the Companies Commission of Malaysia.

(v) Supply of and Access to Information

The Notice of the Board Meeting is served at least seven (7) days prior to the Board Meeting. Relevant Board papers were disseminated to all Directors at least five (5) business days prior to the Board Meeting so as to accord sufficient time for the Directors to peruse the Board papers and to seek any clarification or further details that they may need from the Management or the Company, or to consult independent advisers, if deemed necessary.

As part of the integrated risk management initiatives, the Board also noted the decisions and salient issues deliberated by Board Committees through minutes of the Committees. Subsequent to the Board Meeting, the draft minutes will be circulated to the Board for confirmation to ensure that deliberations and decisions of the Board are accurately recorded. The Company Secretaries would ensure that a statement of declaration of interest or abstention from voting and deliberation is recorded in the minutes.

The Chairman of the Board and Board Committees signs the minutes as a correct record of the proceedings and thereafter, the said minutes of all proceedings are kept in the statutory book made available for inspection under the Act.

(vi) Board Charter

In compliance with Practice 2.1 of the MCCG, the Board has adopted a Board Charter, which provides guidance on how business is conducted in line with best practices and standards of good corporate governance as well as clarity for Directors and Management with regards to the role of the Board and its Board Committees.

The Board reserves full decision-making powers on the following matters:

- Reviewing and approving the annual strategic business plan and financial budget;
- Assess performance of Board and Board Committees;
- Declaring and recommending all forms of dividend payment, out of which some dividend payment may be subject to the approval of shareholders in the AGM;
- Reviewing and approving financial statements encompassing annual audited financial statements and quarterly reports;
- Review corporate governance principles and policies as well as oversee implementation of corporate governance best practices;
- Conflict of interest issues relating to a substantial shareholder or a Director including approving related party transactions;
- Material acquisitions and disposition of assets not in the ordinary course of business including significant capital expenditures;
- Strategic investments, mergers and acquisitions and corporate exercises;
- Limits of authority;
- Treasury policies;
- Risk management policies; and
- Key human resource issues.

The Board Charter is to be regularly reviewed by the Board as and when required and is available on the Company's website at www.khj-my.com.

(vii) Code of Conduct and Ethics

The Board has put in place a Code to promote ethical behaviour within the Group. The basic principles of the Code have been observed and carried out by having appropriate regard to the interests of the Company's customers, shareholders, people, business partners and broader community in which the Company operates.

The Code can be found on the Company's website at www.khj-my.com.

(viii) Whistleblowing Policy and Procedures

The Whistleblowing Policy and Procedures facilitates the establishment of a formal confidential channel to enable employees to report in good faith, serious concerns of any improper conduct and/or wrongdoing that could adversely impact the Group, its employees, shareholders, investors, or the public at large without fear of being subject to detrimental action.

The Whistleblowing Policy and Procedures can be accessed via the Company's website at www.khj-my.com.

(ix) Related Party Transactions Policy and Procedures

The Related Party Transactions Policy and Procedures is to ensure that all related party transactions and recurring related party transactions in the course of business are made at arm's length and at normal commercial terms which are not more favourable to the related party(ies) than those available to the public and these terms are not detrimental to the other shareholders of the Company who are not part of the transactions. The policy also helps the staff to identify and provide a guide on the treatment of such related party transactions to ensure that the Group comply with the ACE LR of Bursa Securities and other applicable laws.

(x) T.R.U.S.T Concept

- Adequate Procedures to Curb and Prevent Bribery and Corruption

The Board has adopted a T.R.U.S.T Concept as governed in the Anti-Bribery and Anti-Corruption ("ABAC") Policy which form the ethos and philosophy of the top management in respect of the Group's fight against bribery and corruption in all its business dealings, transactions and such other related activities. The T.R.U.S.T Concept was formulated to set out the guidelines on adequate procedures to curb and prevent bribery and corruption and the procedures are guided by the following five principles:-

Principle I : Top Level Commitment;

Principle II : Risk Management Assessment;

Principle III : Undertake Control Measures;

Principle IV : Systematic Review, Monitoring and Enforcement; and

Principle V : Training and Communication.

(Collectively known as T.R.U.S.T Concept)

The establishment of this T.R.U.S.T Concept demonstrates the Group's zero-tolerance approach against all forms of bribery and corruption in its daily operations and the Group takes a strong stance against such acts. The Group will take all reasonable and appropriate measures to ensure that all its directors and employees are committed to act professionally and with integrity in all their business dealings and not participate in any corrupt activities for its advantage or benefit.

The ABAC Policy can be accessed on the Company's website at www.khj-my.com.

(xi) Sustainability Strategies

The Board views the commitment to promote sustainability strategies in the environment, social and governance aspects as part of its broader responsibility to all its various stakeholders and the communities in which it operates.

The Group strives to achieve a sustainable long-term balance between meeting its business goals, preserving the environment to sustain the ecosystem and improving the welfare of its employees and the communities in which it operates.

The sustainability strategies implemented by the Group, amongst others, are as follows:-

- The Board together with Management takes responsibility for the governance of sustainability in the Company including setting the Company's sustainability strategies, priorities and targets.
- The Board takes into account sustainability considerations when exercising its duties including among others the development and implementation of Company strategies, business plans, major plans of action and risk management.
- The strategic management of material sustainability matters will be driven by Senior Management.
- The Board ensures that the Company's sustainability strategies, priorities and targets as well as performance against these targets are communicated to its internal and external stakeholders.
- The Board takes appropriate action to ensure they stay abreast with and understand the sustainability issues relevant to the Company and its business, including climate-related risks and opportunities.

(xi) Sustainability Strategies cont'd

The sustainability strategies implemented by the Group, amongst others, are as follows:- cont'd

- Performance evaluations of the Board and Senior Management include a review of the performance of the Board and Senior Management in addressing the Company's material sustainability risks and opportunities.
- The Board identifies the General Manager to provide dedicated focus to deliver, execute and monitor sustainability strategies and goals including the integration of sustainability considerations in the operations of the Company.

The Group's efforts in this regard and the details have been set out in the Sustainability Statement in this Annual Report.

(xii) Conflict of Interest Policy

The Board established the Conflict of Interest Policy to ensure the conflict of interest case is handled appropriately, promoting transparency, foster a culture of honesty and accountability, and good governance within the Company and its subsidiaries. This Policy applies to all Directors and Senior Management of KHJ Group. It covers conflict of interest and potential conflict of interest that may arise between their personal interests and the interests of KHJ or its subsidiaries.

The Conflict of Interest Policy is made available on the Company's website at www.khj-my.com.

2. BOARD COMPOSITION

(i) Board Composition

The Board currently consists of six (6) members comprising one (1) Non-Independent Non-Executive Chairman, one (1) MD, one (1) ED, one (1) Senior Independent Non-Executive Director and two (2) Independent Non-Executive Directors, for the FYE 2025 as follows:

Name	Designation
Pang Kim Hin	Non-Independent Non-Executive Chairman
Pang Fu Wei	Managing Director
Goh Poh Teng	Executive Director
Chew Soo Lin	Senior Independent Non-Executive Director
Kor Yann Ning	Independent Non-Executive Director
Hew Moh Yung	Independent Non-Executive Director

The present Board composition with half of the Board comprising IDs complies with Rule 15.02 of the ACE LR which requires at least two (2) or one-third (1/3) of the Board of the Company, whichever is higher, are IDs. The Company also met the requirements of MCGG to have at least half of the Board comprises of Independent Directors to allow more effective oversight of management. The Board is of the view that all IDs of the Company are always within reach of the shareholders and issues are discussed openly at meetings.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

cont'd

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS *cont'd*

2. BOARD COMPOSITION *cont'd*

(i) Board Composition *cont'd*

The Board is chaired by a Non-Independent Non-Executive Chairman. The Independent Non-Executive Directors are independent of Management and have no relationships that could materially interfere with the exercise of their independent judgement. The IDs also provide the Board with professional judgement, experience and objectivity without being subordinated to operational considerations. Together, the Directors have a wide range of experience in logistics, general management, human resource, marketing, finance, corporate affairs, legal and technical areas.

The Board is of the opinion that the composition of the current Board has the required mix of skills and experience required to discharge the Board's duties and responsibilities. Collectively, the Directors combine their diverse commercial, regulatory, industry and financial experience to add value to the Board as a whole. Currently, the composition of the Board does not consist of any active politician who is a Member of Parliament, State Assemblyman or holds a position at the Supreme Council or division level in a political party.

The Board has established and is supported by the various sub-committees, namely Nomination Committee ("NC"), Remuneration Committee ("RC"), Audit Committee ("AC") and Risk Management Committee ("RMC") which consist of a majority of Independent Non-Executive Directors to provide independent oversight of management and to ensure that there are appropriate checks and balances in discharging its oversight functions as well as unhindered advice and services, when the need arises. The Chairman of the Board is not a member of the NC, RC, RMC and AC.

These Committees play a significant part in reviewing matters within each Committee's terms of reference ("TOR") and facilitate the Board's discharge of its duties and responsibilities and report to the Board with their recommendations. The Board may also form such other committees from time to time as dictated by business imperatives and/or to promote operational efficiency. Notwithstanding the above, the ultimate responsibility for decision making still lies with the Board.

The respective TOR of the said Board Committees are published on the Company's website at www.khj-my.com.

(ii) Tenure of IDs

The Board is mindful that the tenure of an ID should not exceed a cumulative term of nine (9) years.

Upon completion of nine (9) years, an ID may continue to serve on the Board as a Non-Independent Director. If the Board intends to retain an ID beyond nine (9) years, the Board should provide justification and seek annual shareholders' approval through a two-tier voting process. Upon completion of twelve (12) years, an ID shall resign or be re-designated as a Non-ID.

None of the IDs have exceeded the tenure of a cumulative term of nine (9) years in the Company as of 31 December 2025. While the Board is mindful, the Company has yet to adopt a policy which limits the tenure of the IDs to 9 years without extension.

(iii) Appointment of the Board and Senior Management

The NC is responsible for assessing the suitability of potential Board candidates and ensuring the procedures are transparent and based on merit and is done in a manner that promotes diversity and in particular, gender diversity and the NC would consider the benefits of gender diversity. Currently, there are two (2) female directors on board and in this manner, the NC would endeavour to ensure that the number of female directors would not fall below the threshold of two (2) female directors which is in line with the Diversity Policy of the Group.

2. BOARD COMPOSITION *cont'd*

(iii) Appointment of the Board and Senior Management *cont'd*

The Board is of the view that the current composition of its Board of Directors provides an adequate mix of knowledge, skills and expertise to assist the Board in effectively discharging its stewardship and responsibilities. It also appropriately reflects the interests of its shareholders to provide effective leadership, strategic direction and necessary governance at the optimum level.

The Board delegates to the NC the responsibility of making recommendations on any potential candidate for appointment as a new Director or re-election of Directors who are scheduled for retirement by rotation. The Company's Constitution states that at least one-third (1/3) of the Directors are required to retire from office by rotation annually and subject to re-election at each AGM provided always that all Directors including the MD shall stand for re-election at least once in every 3 years.

The Directors' Fit and Proper Policy, which serves as a guide to the NC and Board in conducting the assessment on potential candidates to be appointed as Directors/existing Directors seeking for re-election and to ensure that all Directors possess the right blend of qualifications, expertise, track record, character and integrity, and time commitment to effectively discharge their roles and responsibilities as Directors of the Group.

The NC is also responsible for assessing the suitability of potential Board candidates as well as ensuring that the procedures for appointing new Directors are transparent and based on merit. The process for appointment of a new Director is summarised as follows:

- The potential candidate is proposed by any Director, Senior Management staff, shareholder and/or other consultant/adviser. The Board may also refer to independent sources such as Directors' registry, open advertisements or independent search firms for potential candidates, if necessary;
- In evaluating the suitability of a candidate for recommendation to the Board, the NC will consider the competency, experience, commitment, contribution and integrity of the candidate;
- The NC deliberates on the suitability of the candidate and makes a recommendation to the Board, including a recommendation for the appointment as a member of the various Board Committees; and
- The Board then reviews and decides on the proposed new appointment, including the appointment to the various Board Committees.

Appointment of the Board and Senior Management are based on objective criteria and merit. Besides gender diversity, due regard is placed for diversity in skills, experience, age and cultural background. The Board pursues diversity in both the Board level and Senior Management and is mindful that a diverse Board is able to offer greater depth and breadth. Diversity at the Senior Management level will also provide constructive debates, which lead to better decisions.

If the selection of candidates was solely based on recommendations made by the existing Board members, Management or major shareholders, the NC will explain why other sources were not used which is in line with the TOR of NC.

(iv) Board Diversity

The Board is judicious of the gender diversity recommendation promoted by the MCCG in order to offer greater depth and breadth to board discussions and constructive debates. The Board is committed to ensure diversity (including diversity in skills, experience, age, cultural background and gender) in its composition.

In the selection of Board members and workforce, the Group recognises the importance of diversity and does not practice discrimination of any form, whether based on age, gender, race, ethnicity or religion, throughout the organisation. Candidates shall be given fair and square opportunity.

(iv) Board Diversity *cont'd*

Currently, there are two (2) female Directors representing 33% on the Board while 67% of KHJ's Senior Management comprises women. The Board would endeavour to ensure that the number of female directors would not fall below the threshold of two (2) female directors which is in line with the Diversity Policy of the Group.

(v) Time Commitment

The Board would meet at least four (4) times a year, at quarterly intervals which are scheduled well in advanced before the end of the preceding financial year to facilitate the Directors in planning their meetings schedule for the year. The Board requires its members to devote sufficient time to effectively discharge their duties as Directors of the Company and to use their best endeavours to attend meetings, regardless of their principal place of residence.

The Board was satisfied with the level of commitments given by the Directors toward fulfilling their roles and responsibilities as Directors of the Company as all the Directors have attended all Board Meetings either in person or via video conferencing all the Board Meetings under the financial year under review. Additional meetings were convened when necessary to deal with urgent and important matters that require attention of the Board.

Details of the Board members' attendance at the Board and Board Committee meetings for FYE 2025 are as follows:

Director	Board	AC	NC	RC	RMC
Pang Kim Hin	5/5	-	-	-	-
Pang Fu Wei	5/5	-	-	-	2/2
Goh Poh Teng	5/5	-	-	-	2/2

Kor Yann Ning	5/5	5/5	1/1	1/1	2/2
Hew Moh Yung	5/5	5/5	1/1	1/1	2/2

(vi) Protocol for Acceptance of New Directorships

The Board has formalised vide the Board Charter its expectations on time commitment for its members as well as the requirement to notify the Chairman prior to accepting any new directorships notwithstanding that the ACE LR allows a Director to sit on the board of up to five (5) listed issuers. Such notification shall also include an indication of the time that will be spent on the new appointment.

(vii) Directors' Training

The Company is cognizant of the importance of continuous training for Directors to further enhance their knowledge and expertise and to keep abreast with latest developments in regulatory requirements and business practices.

All members of the Board have attended the Mandatory Accreditation Programme prescribed by Bursa Securities. From time to time, all directors are provided with reading materials and internal briefings pertaining to their roles and responsibilities by the Company Secretary.

The Board encourages its Directors to attend talks, seminars, workshops and conferences to update and enhance their skills and knowledge to enable them to carry out their roles effectively as Directors in discharging their responsibilities towards corporate governance, operational and regulatory issues.

(vii) Directors' Training cont'd

The Directors have participated in the following training programmes for FYE 2025:

Directors	Training programmes	Date
Pang Kim Hin	Future-Ready Boards: Mastering Strategic Leadership in a Disruptive World	02 December 2025
Pang Fu Wei	Tax Treatments of Stock in Trade – Valuation and Withdrawal of Stock	31 October 2025
Goh Poh Teng	AI at the Helm: How Directors Can Govern the Future	30 October 2025
Chew Soo Lin	Board Governance & Oversight: ESG impact on Group's Business	7 August 2025
Kor Yann Ning	Mandatory Accreditation Programme Part II: Leading for Impact (LIP)	11-12 June 2025
Hew Moh Yung	Future-Ready Boards: Mastering Strategic Leadership in a Disruptive World	02 December 2025

3. NOMINATION COMMITTEE

The NC is responsible for ensuring that the Board has the appropriate balance composition, diversity and size and is also responsible for considering and recommending the appointment of new Directors to the Board. Diversity objectives including gender diversity are adopted in the Board recruitment and succession planning process in determining the required skills mix, experience, and other core competencies. The final decision on the appointment of a candidate recommended by the NC rests with the Board.

The composition of the NC for the FYE 2025 was as follows:

Name	Designation	Directorship
Chew Soo Lin	Chairman	Senior Independent Non-Executive Director
Kor Yann Ning	Member	Independent Non-Executive Director
Hew Moh Yung	Member	Independent Non-Executive Director

The Board is of the view that the Board currently reflects a good mix of skills with different professional backgrounds, knowledge, financial and business expertise, experiences and qualifications to enable the Board to provide clear and effective leadership to the Group.

In addition, taking into consideration of the Profile of Directors and Profile of key Senior Management as set out in this Annual Report, the Group is of the view that each of its Directors and key Senior Management have the required character, experience, integrity, competency and time to effectively discharge on their respective roles.

The NC is entrusted to develop the policies and procedures in formalising the approach in the recruitment process and annual assessment of Directors, which serve as guides for the NC in discharging its duties in the aspects of nomination, evaluation, selection and appointment process of new Directors. The NC shall, prior to the appointment by the Board, evaluate the balance and composition including mix of skills, independence, experience and diversity (including diversity in gender, ethnicity and age) of the Board.

3. NOMINATION COMMITTEE *cont'd*

The NC undertakes an annual assessment of IDs to assess whether they continue to bring independent and objective judgement to Board deliberations. The Board would undertake peer and self-assessment to determine the effectiveness of the Board, Board Committees and each individual Director. The results, in particular the key strengths and weaknesses identified from the assessment, will be shared with the Board to allow improvements to be undertaken.

The NC undertook an annual review of the performance of each Director through self-assessment exercise and upon completion of the review and assessment, the NC submits its comments and recommendations to the Board for consideration. The NC had also taken into consideration the outcome of the Directors' self-assessment before making recommendations to the Board for Directors who would be seeking for re-election at the 45th AGM and assessed whether the Directors are 'fit and proper' under the Fit and Proper Policy.

The following Directors are subject to retirement pursuant to the Company's Constitution at the forthcoming 45th AGM: -

- i) Ms Goh Poh Teng (Clause 95)
- ii) Mr Hew Moh Yung (Clause 95)

The aforesaid retiring Directors have expressed their intention to seek re-election at the forthcoming 45th AGM.

Each of the Directors standing for re-election had undergone performance evaluation and provided his/her annual declaration on his/her fitness and probity to continue acting as Directors in accordance with the Directors' Fit and Proper Policy of the Company, as well as confirmation of their independence.

The NC had reviewed the results of the fitness and propriety assessments of the aforesaid retiring Directors. The Board, on the recommendation of the NC, supports the re-election of the aforesaid retiring Directors.

The composition, authority as well as the duties and responsibilities of the NC are set out in its TOR which is available on the Company's website at www.khj-my.com.

4. REMUNERATION COMMITTEE

The RC of the Company recommends to the Board the remuneration of ED and key Senior Management, which would enable the Company to attract and retain its Executive Directors and key Senior Management and motivate them to run the Group successfully. The RC's approach is in line with the Company's overall philosophy that all employees should be appropriately rewarded.

The composition of the RC for the FYE 2025 was as follows:

Name	Designation	Directorship
Chew Soo Lin	Chairman	Senior Independent Non-Executive Director
Kor Yann Ning	Member	Independent Non-Executive Director
Hew Moh Yung	Member	Independent Non-Executive Director

During the FYE 2025, the RC reviewed and recommended to the Board for approval on the remuneration packages of the ED and Senior Management and the Directors' fees payable to the Directors of the Company.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

1. AUDIT COMMITTEE

In compliance with Guidance 1.4 of the MCCG on the separation of the positions of the chair of the AC and the Board, the AC is chaired by Ms Kor Yann Ning, whilst Mr Pang Kim Hin is the Chairman of the Board.

The AC comprises solely of Independent Directors and its composition for the FYE 2025 was as follows:

Name	Designation	Directorship
Kor Yann Ning	Chairperson	Independent Non-Executive Director
Chew Soo Lin	Member	Senior Independent Non-Executive Director
Hew Moh Yung	Member	Independent Non-Executive Director

The AC members possess the right mix of skills, experience and are financially literate. Their profiles are set out in the Profile of Directors Section of this Annual Report.

During the FYE 2025 and presently, none of the AC members is a former key audit partner of the Group. The AC's TOR, in compliance with Practice 9.2 of the MCCG, requires a former key audit partner to observe a cooling-off period of at least three (3) years before being appointed as a member of the AC.

Through the AC, the Board maintains a transparent and professional relationship with its External Auditors. In the course of the audit of the Group's financial statements for FYE 2025, the External Auditors have highlighted to the AC and Board, on matters that require the Board's attention. The External Auditors also attended AC meetings to present their audit plan and report as well as their comments on audited financial statements.

The AC has in place the External Auditors' Assessment Policy which states the policies and procedures to assess the suitability, objectivity and independence of its External Auditors.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT cont'd

1. AUDIT COMMITTEE cont'd

For the FYE 2025, the declaration of the External Auditors' independence in accordance with relevant professional and regulatory requirements is contained in their annual audit plan presented to the AC.

The composition, authority as well as the duties and responsibilities of the AC are set out in its TOR and is available on the Company's website at www.khj-my.com.

2. INTERNAL AUDIT FUNCTION

The Directors acknowledged their responsibilities in maintaining a reasonably sound system of internal controls covering financial, operational, compliance and risk management. This system is designed to manage, rather than eliminate, the risk of failure to achieve the Group's corporate objectives, as well as to safeguard shareholders' investments and the Group's assets. The Board seeks regular assurance on the continuity and effectiveness of the internal control system through independent review by the Internal and External Auditors.

The internal audit function is independent of the operations of the Group and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The Internal Auditors adopt a risk-based approach towards the planning and conduct of audits, which are consistent with the Group's framework in designing, implementing and monitoring its internal control system. An Internal Audit Planning Memorandum, setting out the internal audit work expected to be carried out, is tabled to the AC.

For FYE 2025, Sterling Business Alignment Consulting Sdn Bhd ("Sterling"), the outsourced Internal Auditors, have successfully completed their audit visits and reporting as per the approved Internal Audit Plan.

The purpose of the internal audit function is to provide the Board, through the AC, reasonable assurance of the effectiveness of the system of internal control in the Group. The internal audit function is independent, with the head of internal audit reporting directly to the AC and performing audit assignments with impartiality, proficiency and due professional care.

The profile of Sterling is set out as follows:

Date of Appointment:	26 August 2019
Principal Engagement Director:	Dr. So Hsien Ying
Qualifications:	• Doctor in Business Administration (Wales) • Certified Internal Control Professional (US); • Master in Business Administration (Finance) (Hull); • BSc Economics (Hons) (London); • Permanent Member of the Internal Control Institute US; • Member of the Malaysian Alliance of Corporate Directors; and • Associate Member of the Institute of Internal Auditors Malaysia
Experiences:	30 years of professional experience in business process improvement, internal control review, internal audit and risk management
Number of Resources:	Sterling deployed 2 to 3 personnel per audit review depending on areas of audit

Pang Fu Wei	Member	Managing Director
Goh Poh Teng	Member	Executive Director
Chew Soo Lin	Member	Senior Independent Non-Executive Director
Kor Yann Ning	Member	Independent Non-Executive Director

Effective Risk Management and Internal Control Framework

The Board recognises the importance of maintaining a sound system of internal control and risk management and has in place an effective risk management and internal control framework.

The risk management and internal control is an ongoing process and the Company will continuously enhance the existing system of risk management and internal control by taking into consideration the changing business environment.

The review and assessment of the Company's risk management and internal control framework are conducted as and when required.

The key elements of internal control and risk management of the Group are set out in the Statement of Risk Management and Internal Control of this Annual Report.

The composition, authority as well as the duties and responsibilities of the RMC are set out in its TOR and is available on the Company's website at www.khj-my.com.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

1. Communication with Stakeholders

(i) Corporate Disclosures/Investor Relations

The Board recognises the importance of maintaining transparency and accountability to its stakeholders (including its shareholders and investors) and to timely disseminate material information of the Group's performance and any significant developments affecting the Group via Bursa LINK in a timely manner.

The Board has developed a Corporate Disclosure Policy to ensure communications to the investing public regarding the business, operations and financial performance of the Group are accurate, timely, factual, informative, consistent, broadly disseminated and where necessary, information filed with regulators is in accordance with applicable legal and regulatory requirements.

The Group's corporate proposals, quarterly and annual financial results and other required announcements are made on Bursa Securities on a timely basis and are available for public access on the Company's website at www.khj-my.com.

(ii) Corporate Website

KHJ's website at www.khj-my.com also serves as a vital communication channel for investors, shareholders, business partners and clients to access corporate information, news and events related to the Group. The website is updated periodically to reflect the developments within the Group.

2. Conduct of General Meetings

(i) General Meetings

The AGM serves as a principal forum for a two-way dialogue with public shareholders and the Management of the Group. Shareholders may enquire about the resolutions being proposed at the meeting and the financial performance and business operations in general during the open question and answer session. The Chairman and the other members of the Board, together with the Management and the Company's external auditors, would be available to respond to queries from shareholders.

The Notice of AGM is circulated at least twenty-eight (28) days before the date of the meeting to be in line with the MCGG to enable shareholders to vet through the Annual Report and papers supporting the resolutions proposed. This has also met the requirements under Section 316(2) of the Companies Act 2016 and Rule 7.15 of ACE LR which call for at least 21-days' notice period for public companies or listed issuers respectively.

In addition to being dispatched individually to shareholders, the Notice of AGM is also circulated in a nationally circulated newspaper alongside an announcement on the website of Bursa Securities. This allows shareholders to have immediate access of the notice of AGM and make the necessary preparations for the AGM.

The Chairman of the Board ensures that general meetings support meaningful engagement between the Board, Senior Management and shareholders. The engagement is interactive and include robust discussions on amongst others the Company's financial and non-financial performance as well as the Company's long-term strategies. Shareholders are also provided with sufficient opportunities to pose questions during the general meetings and all the questions received meaningful responses.

(ii) Poll Voting

All the resolutions set out in the Notice of Forty-Fourth AGM ("44th AGM") were put to vote by poll voting and duly passed. The shareholders were informed of their rights to demand for a poll. The outcome of the 44th AGM was announced to Bursa Securities on the same meeting day. The Company had appointed a scrutineer to verify the poll results.

Minutes of the 44th AGM has been published on the Company's website within 30 business days after the 44th AGM upon being reviewed by the Board members and approved by the Chairman.

(iii) Leverage Technology for Remote Participation and Voting by Shareholders

Moving forward, the Company may consider leveraging on the use of technology to facilitate remote participation and electronic voting at general meetings, taking into consideration the number of shareholders, applicable laws and regulations and the cost and resources required vis-à-vis benefits.

All Directors as well as members of Senior Management will endeavour to attend the forthcoming 45th AGM to respond to any enquiries from the shareholders.

(iv) Shareholders' Enquiries

Shareholders and investors may at any time request the Company's public information. The Company provides a designated email address at investor.relations@khj-my.com for shareholders to make any query.

(v) Annual Report

The Annual Report is a key communication channel for all the shareholders. The Annual Report is made easily available to shareholders and other stakeholders in a timely manner.

Shareholders can elect to receive a hard copy or an electronic copy of the Annual Report.

STATEMENT ON COMPLIANCE WITH BEST PRACTICES OF CODE

This statement was prepared in compliance with Rule 15.25 of the ACE LR of Bursa Securities and it is to be read together with the Corporate Governance Report 2025 of the Company which is available on the Company's corporate website: www.khj-my.com.

The Board was satisfied that the Company, has endeavoured to comply with the spirit and objectives of the Code during the financial year with regard to the Practices supporting the Principles, except as otherwise stated.

This statement was presented and approved at the Board of Directors' Meeting held on 15 April 2026.

ADDITIONAL COMPLIANCE INFORMATION

1. AUDIT FEES AND NON-AUDIT FEES

The amount of audit and non-audit fees incurred by services rendered to the Group and the Company by the external auditors for the FYE2025 were as follows:

Fees	Group (RM)	Company (RM)

Non-audit fees	11,000	11,000
Total	172,000	160,500

Details of the non-audit fees rendered by the External Auditors is disclosed on page 82 and Note 6 to the Financial Statements of this Annual Report.

2. MATERIAL CONTRACTS

There were no material contracts entered into by the Company and its subsidiaries involving Directors and/or major substantial shareholders' interest during the FYE2025.

3. RECURRENT RELATED PARTY TRANSACTION OF A REVENUE OR TRADING NATURE

The disclosure of the recurrent related party transactions conducted during the financial year ended 31 December 2025 to the latest practicable date are set out in the Circular to Shareholders dated 27 April 2026 and pages 124 and 125, Note 25 of the Financial Statements.

AUDIT COMMITTEE REPORT

The Board is pleased to present the AC Report for the FYE2025, in compliance with Rule 15.15(1) of the ACE LR of Bursa Securities.

COMPOSITION

The AC comprises three (3) members, and all of them are Independent Non-Executive Directors, in compliance with Rule 15.09(1)(b) of the ACE LR and Practice 9.4 (Step-Up) of the MCCG 2021 ("MCCG"). All the members of the AC satisfied the test of independence under the ACE LR and also met the requirements of the MCCG.

The composition of the AC is as follows:

Directors	Designation	Directorship
Kor Yann Ning	Chairperson	Independent Non-Executive Director
Chew Soo Lin	Member	Senior Independent Non-Executive Director
Hew Moh Yung	Member	Independent Non-Executive Director

The Chairperson of the AC, Ms Kor Yann Ning, is an Independent Non-Executive Director. In this respect, the Company complies with Rule 15.10 of the ACE LR. Furthermore, in compliance with Practice 9.1 of the MCCG, the Chairperson of the AC is not the Chairman of the Board.

In addition, Ms Kor Yann Ning is a member of Certified Practising Accountants Australia and Malaysian Institute of Accountants. In this respect, the Company complies with Rule 15.09(1)(c) of the ACE LR. Mr Chew Soo Lin was also formerly a member of the Institute of Chartered Accountants in England and Wales.

Assessment on the Terms of Office and Performance of the AC

The NC reviewed the terms of office and performance of the AC as well as whether its members have carried out their duties in accordance with the Terms of Reference of AC for FYE2025.

Upon review, the NC was satisfied with the overall performance of the AC and its individual members for FYE2025 and had reported its satisfaction to the Board for notation.

Formal Assessment on the External Auditors

In compliance with Practice 9.3 of the MCCG, the AC has established the EA Policy to assess the suitability, objectivity and independence of the External Auditors on an annual basis, prior to making their recommendation to the Board to seek shareholders' approval for the re-appointment of External Auditors for the ensuing year.

The AC had reviewed the independence and effectiveness of the External Auditors and was of the view that the External Auditors had discharged their responsibilities in a satisfactory manner and the AC is satisfied with their competency, functioned effectively and have received adequate authority from the Company and Management in order to carry out their work during the financial year under review and recommended to the Board the re-appointment of Deloitte Malaysia PLT as External Auditors for the FYE2025. The Board has in turn, recommended the same for shareholders' approval at the forthcoming Annual General Meeting of the Company.

AUDIT COMMITTEE REPORT

cont'd

COMPOSITION *cont'd*

Provision of Non-Audit Services

The EA Policy encapsulated the Company's procedures on the circumstances where the External Auditors or its affiliates could be engaged to perform non-audit services that are not, and are not perceived to be, in conflict with the role of the External Auditors. This excludes audit related work in compliance with statutory requirements.

Before appointing the External Auditors to undertake any non-audit services, Management would be required to assess as to whether such appointment would create a threat to the External Auditors' independence or objectivity on the statutory audit of the Company's financial statements, including any safeguards that are available to address such a threat. The EA Policy also sets out the approval threshold for non-audit services rendered by the External Auditors or its affiliates.

MEETINGS AND ATTENDANCES

The AC held a total of five (5) meetings during the FYE2025 and the details of members' attendance are as follows:

Members	Total no. of meetings attended	%
Kor Yann Ning	5/5	100
Chew Soo Lin	5/5	100
Hew Moh Yung	5/5	100

The lead audit partner of the External Auditors responsible for the Group had attended three (3) AC meetings held in FYE2025.

The External Auditors were encouraged to raise with the AC any matters they considered important to bring to the AC's attention.

The Chairman of the AC also sought information on the communication flow between the External Auditors and the Management which is necessary to allow unrestricted access to information for the External Auditors to effectively perform their duties.

Notices of the AC Meeting were sent to the AC Members at least seven (7) days in advance in accordance with the Terms of Reference of the AC. Upon that, the Management will then compile the relevant meeting papers for dissemination to the AC by email.

All deliberations during the AC Meeting were duly minuted. Minutes of the AC Meetings were tabled for confirmation at every succeeding AC Meeting.

The Chairman of the AC presented the AC's recommendations together with the respective rationale to the Board for approval of the annual audited financial statements and the unaudited quarterly financial results. As and when necessary, the Chairman of the AC would convey to the Board, matters of significant concern raised by the Internal or External Auditors. The outsourced professional Internal Auditors, Sterling, were invited to attend AC Meetings to table their respective internal audit reports.

Terms of Reference

The Terms of Reference ("TOR") of the AC are available for viewing at the Company's website at www.khj-my.com.

SUMMARY OF WORK OF THE INTERNAL AUDIT FUNCTION

The Group's internal audit function is carried out by an independent external firm of professional Internal Auditors, Sterling, headed by its Director, Dr. So Hsien Ying, who is a Certified Internal Control Professional and an Associate Member of Institute of Internal Auditors Malaysia. The IA reports directly to the AC on its activities based on the approved Internal Audit Plan, designed to cover entities across all level of operations within the Group, and the extent of compliance of such entities within the Group's established policies and procedures.

The Internal Audit assignments are designed to review and assess the procedures, systems and controls whether they are adequate and effective to meet the requirement of:

- Compliance with applicable laws and regulations and Standard Operation Procedures ("SOP");
- Reliability and integrity of information;
- Safeguarding of financial assets; and
- Operational efficiency and effectiveness.

Further details of the activities of internal audit function are set out in the Statement on Risk Management and Internal Control.

The total cost incurred for the internal audit function of the Group for FYE2025 is RM46,250.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

Pursuant to Rule 15.26(b) of Bursa Malaysia Securities Berhad ACE Market Listing Requirements and in accordance with the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers (SORMIC 2025), the Board of Directors ("Board") is pleased to present the Statement on Risk Management and Internal Control of the Group for the financial year ended 31 December 2025 ("FYE 2025").

This Statement outlines the Group's governance framework, risk management processes, and internal control systems established by the Group, as well as the Board's review of their adequacy and effectiveness in safeguarding the Group's assets and shareholders' interests.

BOARD RESPONSIBILITY

The Board acknowledges its overall responsibility for maintaining a sound system of risk management and internal control and for reviewing its adequacy and effectiveness. The system is designed to manage, rather than eliminate, the risk of failure to achieve the Group's strategic and operational objectives. It can therefore only provide reasonable, rather than absolute, assurance against material misstatement, loss or fraud.

In fulfilling its responsibilities, the Board:

1. Establishes the Group's risk governance structure and oversight framework;
2. Approves the Group's Risk Appetite, which defines the nature and extent of risks the Group is willing to accept in pursuit of its objectives;
3. Oversees the identification and management of principal risks;
4. Ensures risk management is embedded into strategic planning and decision-making processes; and
5. Reviews the adequacy and effectiveness of the Group's internal control system.

The Board has delegated oversight of risk management to the Risk Management Committee ("RMC") and oversight of internal control and assurance matters to the Audit Committee ("AC"). Notwithstanding these delegations, the Board retains ultimate accountability. During FYE 2025, the Board reviewed the Group's risk management and internal control system through reports presented by the RMC, AC and Management.

RISK MANAGEMENT GOVERNANCE FRAMEWORK

The Group adopts a structured risk governance approach consistent with the Three Lines Model.

Management and Heads of Departments form the first line of defence and are responsible for identifying, assessing, managing and monitoring risks within their respective areas.

The second line comprises the risk management and compliance oversight functions, which facilitate the implementation of risk management policies, monitor adherence to the approved risk appetite and provide guidance on risk-related matters.

The third line of defence is the independent internal audit function, which provides objective assurance on the adequacy and effectiveness of governance, risk management and internal controls.

Risk Appetite

The Group has established a formal Risk Appetite approach to define the level and types of risks it is willing to accept in pursuing its strategic and operational objectives.

The risk appetite is determined based on a combination of impact and likelihood criteria, covering financial, operational, compliance and reputational risks. Risks are categorised into defined tolerance levels ranging from Low, Moderate, High to Critical, based on their potential impact on profitability, operations, regulatory compliance and reputation.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

cont'd

RISK MANAGEMENT GOVERNANCE FRAMEWORK *cont'd*

Risk Appetite *cont'd*

The Group maintains a low tolerance for risks relating to regulatory compliance, financial reporting integrity, fraud, and health and safety, while adopting a moderate level of tolerance for operational and commercial risks associated with achieving business growth and strategic objectives.

Adherence to the approved risk appetite is monitored through the Group's enterprise risk management framework, where key risks are identified, assessed and recorded in the Risk Register. Management reviews these risks regularly, including the effectiveness of mitigation plans and internal controls. Significant risk exposures and mitigation actions are reported periodically to the RMC for oversight.

Governance Structure

The RMC assists the Board in overseeing the Group's risk management framework, including reviewing the risk register, monitoring emerging risks and ensuring mitigation plans are implemented in a timely manner.

Key elements of the governance framework include:

1. A Risk Management Working Group ("RMWG") which monitors material breaches or potential breaches of the Group's risk management framework;
2. Regular reporting to the RMC on matters relating to the Group's risk profile and risk management strategy;
3. Periodic reviews of the risk management framework with recommendations for improvements to the RMC;
4. Ongoing review of the RMC's Terms of Reference to ensure its effectiveness; and
5. Regular updates to the RMC on significant risks, including corporate liability and sustainability-related risks.

The RMC met twice during FYE 2025 to deliberate on the Group's risk profile and review the effectiveness of risk management processes.

Emerging Risk Identification and Monitoring

Emerging risks are identified through ongoing risk assessments conducted by Management and Heads of Departments as part of the Group's enterprise risk management process. These risks may arise from changes in the external environment, regulatory developments, market dynamics, operational activities or technological advancements.

Emerging risks are discussed at Management and RMWG meetings before being assessed in terms of likelihood and potential impact. Where necessary, mitigation measures are developed and incorporated into the Risk Register. Significant emerging risks are reported to the RMC for further review and guidance.

RISK MANAGEMENT PROCESS

The Group has established an ongoing process for identifying, evaluating, monitoring and managing significant risks. This process is embedded within the Group's business and operational activities and is reviewed periodically to ensure its continued relevance. Senior Management and Heads of Department are responsible for managing risks within their respective areas. Risks identified are prioritised based on their likelihood and potential impact on the Group's objectives.

Key elements of the process include:

1. Annual and periodic risk identification and assessment exercises;
2. Maintenance of a formal Risk Register capturing strategic, operational, financial, compliance, sustainability and emerging risks;
3. Risk assessment using a structured methodology based on likelihood and impact;
4. Assignment of risk owners responsible for implementing mitigation measures; and
5. Periodic monitoring and reporting of risks to the RMC and the Board.
6. Significant risks affecting the Group's strategic and business plans are escalated to the Board.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

BOARD REVIEW OF RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

During the financial year under review, the Board, through the RMC and AC, undertook various processes to review the adequacy and effectiveness of the Group's risk management and internal control systems.

These included:

1. Review of the Group Risk Register and monitoring of mitigation measures;
2. Review of risk management reports presented by Management;
3. Monitoring of key operational and financial performance indicators;
4. Review of internal audit findings and Management's responses;
5. Oversight of financial reporting processes and internal controls;
6. Review of operational control measures; and
7. Assessment of policies, procedures and oversight governance.

Based on these reviews and assurances provided by Management and internal audit, the Board is of the view that the Group's systems are generally adequate and effective.

PRINCIPAL RISKS

The principal risks identified during the financial year include strategic risks relating to market competition and economic conditions; operational risks such as supply chain, inventory management and human capital; financial risks including liquidity and credit risks; compliance and regulatory risks; information technology and cybersecurity risks; sustainability-related risks; and fraud risk.

Appropriate mitigation measures have been implemented, including strengthened procedures, enhanced monitoring controls, staff training, segregation of duties and periodic reviews. The Board is satisfied that the Group's risk exposure remained stable and within the approved risk appetite during FYE 2025.

KEY RISK AREAS AND CONTROLS

1. Sustainability and ESG Risks

The Group recognises that sustainability considerations, including environmental, social and governance ("ESG") factors, may present both risks and opportunities. Sustainability-related risks, including regulatory compliance, environmental impact, supply chain practices and workforce-related matters, are incorporated into the Group's risk management framework and are deliberated by the RMC and Board where relevant. The Board remains committed to strengthening the integration of sustainability considerations into the Group's strategic planning and Risk management processes.

Sustainability-related risks are incorporated into the Group's formal risk register and are subject to periodic review by Management and the Risk Management Committee ("RMC"). These risks are assessed based on their likelihood and potential impact on the Group's operations, regulatory compliance, reputation and long-term business sustainability. Where relevant, mitigation plans and monitoring mechanisms are implemented and reported to the RMC as part of the Group's ongoing enterprise risk management process.

2. Information Technology and Cybersecurity

The Group acknowledges the increasing importance of information technology governance and cybersecurity risk management. IT general controls are in place to safeguard the integrity, confidentiality and availability of information systems and data. Key measures include controlled system access rights, password protection policies, periodic access reviews, data backup procedures and antivirus and firewall protections. The Group also maintains procedures for responding to IT incidents and regularly reviews system vulnerabilities to mitigate cybersecurity risks.

KEY RISK AREAS AND CONTROLS *cont'd*

2. Information Technology and Cybersecurity *cont'd*

During the financial year under review, the Group did not experience any material cybersecurity incidents that had a significant impact on its operations, financial position or data integrity. The Group continues to monitor cybersecurity risks and strengthen its IT security practices to address evolving cyber threats and to ensure the reliability and resilience of its information systems.

3. Fraud Risk Management and Whistleblowing

The Group maintains a zero-tolerance approach towards fraud, bribery and corruption. An Anti-Bribery and Corruption Policy and a Whistleblowing Policy have been implemented and are accessible on the Group's website. The Whistleblowing policy provides employees and stakeholders with a confidential channel to report suspected misconduct or improprieties without fear of retaliation. Reported matters, if any, are investigated in accordance with established procedures and reported to the AC where appropriate. During FYE 2025, there were no material fraud incidents that resulted in significant losses or required separate disclosure in this Annual Report.

During the financial year under review, the Group conducted periodic fraud risk assessments as part of its overall risk management process to identify potential areas of vulnerability to fraud, bribery and corruption. The assessments included reviews of internal processes, segregation of duties and control measures across key operational and financial functions. The results of the assessments were reported to Management and the relevant oversight committees, and appropriate control enhancements were implemented where necessary.

INTERNAL CONTROL

The Group's internal control system is aligned with the principles of the Committee of Sponsoring Organisations of the Treadway Commission (COSO) Internal Control – Integrated Framework and encompasses the following components:

1. Control Environment: Establishing appropriate governance structures, clear reporting lines, defined authority limits and a code of conduct to promote ethical behaviour and integrity.
2. Risk Assessment: Systematic identification and evaluation of risks affecting the achievement of objectives.
3. Control Activities: Implementation of policies, procedures, authorisation limits, segregation of duties and approval processes.
4. Information and Communication: Timely and accurate reporting of financial and operational information to Management and the Board.
5. Monitoring Activities: Ongoing monitoring by Management and independent evaluations by the internal audit function.

The Board is satisfied that the control environment reflects an appropriate tone at the top and promotes accountability and ethical conduct across the organisation.

KEY FEATURES OF INTERNAL CONTROL

As at the date of this Statement, the key features of the Group's internal control are as follows:

1. Organisational Structure - A clear and well-defined organisational structure taking into account the business and operational requirements of the core businesses of the Group which limits the respective levels of authority, accountability and responsibility of job functions and specifications.
2. Regular Review of the Financial Performance of the Group - The AC and the Board would set an agenda in their respective meetings to conduct the review on the financial performance of the Group on a quarterly basis. In addition, Management meetings are held weekly when necessary to raise issues, discuss, review and monitor the business development resolve operational and management issues and review financial performances against the business plans, the target and the budgets, if any, for each division.

KEY FEATURES OF INTERNAL CONTROL *cont'd*

3. Internal Policies and Procedures - There are clearly defined and formalised internal policies and procedures in place to support the group in achieving its corporate objectives. These policies and procedures provide a basis for ensuring compliance with applicable laws and regulations and internal control concerning the conduct of business.
4. Internal Audit Function - The internal audit function has been outsourced to an independent professional firm for greater independence and accountability in the internal audit function in view of the Group's available limited resources.
5. Anti-Bribery and Corruption Policy and Whistleblowing Policy - The Group has established an Anti-Bribery and Corruption Policy and Whistleblowing Policy and Procedures, which are available on the Group's website. It's intended to assist the reporting individual to report to the appropriate channel, any information which the individual believes to involve malpractice or impropriety.

INTERNAL AUDIT FUNCTION

The Group has outsourced its internal audit function to Sterling Business Alignment Consulting Sdn Bhd (Sterling), an independent professional consulting firm. The outsourced internal auditors report directly to the AC and are free from any operational responsibilities within the Group. The internal audit plan for FYE 2025 was approved by the AC and was developed based on the Group's risk profile. Internal audit reviews and follow up were conducted on selected operational, financial and compliance areas performed to assess the implementation status of previously reported findings. Sterling was granted complete and unrestricted access to all documents and records of the Group deemed necessary in the performance of its function and they have independently reviewed the risk identification procedures and control processes implemented by the Management.

The Outsourced Internal Auditors have conducted three (3) internal audit reviews covering the following areas:

- Outlet Operations
- Inter-department processes and procedures related to Inventory Management
- Finance and Accounts functions

In addition, one (1) follow-up status review was conducted to assess the implementation of corrective actions for previously reported audit findings.

The results of the internal audit reviews and the follow-up status review, together with recommendations for improvement were presented to the AC during its scheduled meetings. Based on the internal audit reviews conducted, none of the weaknesses identified resulted in any material losses, contingencies, or uncertainties that would require separate disclosure in this Annual Report. Nevertheless, for areas requiring attention, corrective measures have been and are being implemented to ensure ongoing adequacy and effectiveness of internal controls and to safeguard shareholders' investments and the Group's assets.

The total cost incurred for the internal audit function during FYE2025 amounted to RM46,250.

In assessing the adequacy of the internal audit function, the AC considered factors such as the scope of the internal audit plan, the coverage of key risk areas across the Group's operations, the complexity and scale of the Group's business activities, and the adequacy of resources, experience and professional competence of the outsourced internal auditors.

The AC is satisfied that the internal audit function is adequately resourced and has the appropriate competence to carry out its responsibilities effectively.

ASSURANCE AND MONITORING

The Group adopts a combined assurance approach, whereby Management reviews, risk management oversight, internal audit assessments and external audit reviews collectively provide assurance to the Board on the adequacy and effectiveness of governance, risk management and internal control systems.

Internal audit findings and Management's responses are reported to the AC and action plans arising from such reviews are monitored until satisfactory resolution is achieved.

The External Auditors have reviewed this Statement pursuant to the Audit and Assurance Practice Guide 3 ("AAPG 3") issued by the Malaysian Institute of Accountants and have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the processes adopted by the Board in reviewing the adequacy and effectiveness of the Group's risk management and internal control systems.

REVIEW OF ADEQUACY AND EFFECTIVENESS

The Board has received assurance from the Managing Director, Executive Director and Chief Financial Officer that the Group's risk management and internal control systems are operating adequately and effectively, in all material respects, in accordance with the Group's adopted risk management framework.

Based on the reviews conducted and assurance received, the Board is of the opinion that the Group's risk management and internal control systems were adequate and effective for FYE 2025 and up to the date of approval of this Statement.

No material internal control weaknesses were identified during the financial year that have resulted in material losses or that would require separate disclosure in this Annual Report.

The Board remains committed to continuously enhancing the Group's risk management and internal control framework to ensure its continued relevance and effectiveness in an evolving business environment.

This Statement is made in accordance with the resolution of the Board of Directors dated 15 April 2026.

STATEMENT OF DIRECTORS' RESPONSIBILITY

in respect of the preparation of financial statements

In accordance with the Companies Act 2016 ("the Act") and the applicable approved accounting standards, the Directors are required to prepare annual financial statements that give a true and fair view of the financial position and the results and cash flows of the Group and of the Company for that financial year then ended.

The Directors have reviewed the accounting policies to ensure that they are consistently applied throughout the financial year and are of the view that relevant approved accounting standards have been followed in the preparation of these financial statements. In cases where judgements and estimations were made, they were based on reasonableness and prudence.

The Directors have relied on the system of internal controls to ensure that the information generated for the preparation of the financial statements from the underlying accounting records are accurate and reliable.

The Directors are responsible for ensuring that the Company maintains accounting records which disclose with reasonable accuracy the financial position of the Group and the Company, and which enable them to ensure that the financial statements comply with the provisions of the Act.

The Directors have general responsibilities for taking such steps that are reasonably available to them to safeguard the assets of the Group, and to prevent and detect frauds and other irregularities.

This Statement on Directors' Responsibility for preparing the financial statements is approved by the Board on 15 April 2026.

SHARE OPTIONS

No options have been granted by the Company to any parties during the financial year to take up unissued shares of the Company.

No shares have been issued during the financial year by virtue of the exercise of any option to take up unissued shares of the Company. As at the end of the financial year, there were no unissued shares of the Company under options.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and had satisfied themselves that there was no known bad debts to be written off and that no allowance for doubtful debts was required; and
- (b) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including the value of current assets as shown in the accounting records of the Group and of the Company had been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances:

- (a) which would require the writing off of bad debts or the setting up of an allowance for doubtful debts in the financial statements of the Group and of the Company; or
- (b) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or
- (c) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
- (d) not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liability of any other person; and
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Group and of the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT

To the Members of Kim Hin Joo (Malaysia) Berhad
(Incorporated In Malaysia)

REPORT ON THE AUDIT OF FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of **KIM HIN JOO (MALAYSIA) BERHAD** ("the Company") and its subsidiary companies (collectively referred to as "the Group"), which comprise the statements of financial position of the Group and of the Company as at 31 December 2025, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 87 to 135.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025 and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), as applicable to audits of financial statements of public interest entities and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Net realisable value of inventories

As at 31 December 2025, the inventories balance of the Group and of the Company stood at RM23,702,951, which represents approximately 26% of the total assets of the Group and of the Company. As at 31 December 2025, trading goods measured at net realisable value for the Group and the Company amounted to RM675,117.

As described in Note 3 to the financial statements, inventories are valued at the lower of cost and net realisable value. In estimating the net realisable value of inventories, management considers the inventories' ageing, seasonal trend, current economic conditions, market demand and expectation of future prices.

The above-mentioned is also disclosed in Note 4(ii)(c) to the financial statements as one of the key assumptions used by management under the section of *Key Sources of Estimation Uncertainty*.

Key Audit Matters *cont'd*

How the key audit matter was addressed in our audit

In addressing the matter above, we performed, amongst others, the following procedures:

- Evaluated the design and implementation of controls surrounding management's assessment of net realisable value of inventories and related to the write down in value of inventories;
- Evaluated the measurement criteria used by management in respect of net realisable value to determine that the measurements adopted by management are in accordance with MFRS 102 *Inventories*;
- Observed inventory count procedures carried out by management and performed test count, and observed conditions of the inventories on a sampling basis;
- Compared the selling prices of inventories to latest sales invoices on sampling basis to evaluate management's assessment of the write down in value of inventories; and
- Tested the inventory aging report to ascertain the accuracy and completeness of the inventory aging report.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT

To the Members of Kim Hin Joo (Malaysia) Berhad

REPORT ON THE AUDIT OF FINANCIAL STATEMENTS *cont'd*

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the Group's financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The holding company is Kim Hin International Pte Ltd ("KHI"), a company incorporated in Singapore, which is also regarded by the directors as the ultimate holding company.

The registered office and principal place of business of the Company is located at Wisma Pang Cheng Yean, Lot 5205C, Jalan Perindustrian Balakong Jaya 1/3, Kawasan Perindustrian Balakong Jaya, 43300 Seri Kembangan, Selangor Darul Ehsan.

The financial statements of the Group and of the Company have been approved by the Board of Directors and were authorised for issuance on 15 April 2026.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The financial statements of the Group and of the Company are presented in Ringgit Malaysia ("RM").

Adoption of Amendments to MFRS

In the current financial year, the Group and the Company have adopted the Amendments to MFRS issued by Malaysian Accounting Standards Board ("MASB") that are effective for annual periods beginning on or after 1 January 2025 is as follows:

Amendments to MFRS 121	Lack of Exchangeability
------------------------	-------------------------

The adoption of the above Amendments to MFRS did not result in significant changes in the accounting policies of the Group and of the Company and had no significant effect on the financial performance or position of the Group and of the Company.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS *cont'd*

New MFRSs and Amendments to MFRSs in issue but not yet effective

At the date of authorisation for issue of these financial statements, the new MFRSs and Amendments to MFRSs which were in issue but not yet effective and not early adopted by the Group and the Company are as listed below:

MFRS 18	Presentation and Disclosure in Financial Statements ²
MFRS 19	Subsidiaries without Public Accountability: Disclosures ²
Amendments to MFRS 10 and MFRS 128	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³
Amendments to MFRS 9 and MFRS 7	Classification and Measurement of Financial Instruments ¹
Amendments to MFRS 9 and MFRS 7	Contracts Referencing Nature-dependent Electricity ¹
Amendments to MFRS 19	Subsidiaries without Public Accountability: Disclosures ²
Amendments to MFRS 121	Translation to a Hyperinflationary Presentation Currency ²
Amendments to MFRSs	Annual improvements to MFRS Accounting Standards - Volume 11 ¹

¹ Effective for annual periods beginning on or after 1 January 2026.

² Effective for annual periods beginning on or after 1 January 2027, with earlier application permitted.

³ Effective date deferred to a date to be determined and announced by MASB.

The directors anticipate that the abovementioned new MFRSs and Amendments to MFRSs will be adopted in the annual financial statements of the Group and of the Company when they become effective and that the adoption of these new MFRSs and Amendments to MFRSs will not have material financial impact on the financial statements of the Group and of the Company in the period of initial application, except as further discussed below:

MFRS 18 Presentation and Disclosure in Financial Statements

The MFRS 18 will replace MFRS 101 *Presentation of Financial Statements* upon its adoption. This new standard aims to enhance the transparency and comparability of financial information by introducing new disclosure requirements. Specifically, it requires that income and expenses be classified into three defined categories: “operating”, “investing” and “financing” and introduces two new subtotals: “operating profit or loss” and “profit or loss before financing and income tax”. In addition, MFRS 18 requires the disclosure of management-defined performance measures and sets out principles for the aggregation and disaggregation of information, which will apply to all primary financial statements and the accompanying notes. The potential impact of the new standard on the financial statements of the Group and of the Company has yet to be assessed.

3. MATERIAL ACCOUNTING POLICY INFORMATION

Basis of Accounting

The financial statements of the Group and of the Company have been prepared under the historical cost convention, unless otherwise indicated in the accounting policies stated below. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group and the Company take into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of MFRS 16 *Leases* and measurements that have some similarities to fair value but are not fair value, such as net realisable value in MFRS 102 *Inventories* or value-in-use in MFRS 136 *Impairment of Assets*.

NOTES TO THE FINANCIAL STATEMENTS

cont'd

3. MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The material accounting policy information is set out below.

Subsidiary Companies and Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiary companies. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power over the investee to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary company begins when the Company obtains control over the subsidiary company and ceases when the Company loses control of the subsidiary company. Specifically, income and expenses of a subsidiary company acquired or disposed of during the period are included in the statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary company.

All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

Changes in the Group's ownership interests in subsidiary companies that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in its relative interests in the subsidiary companies. Any difference between the amount by which the non-controlling interests are adjusted at the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

NOTES TO THE FINANCIAL STATEMENTS

cont'd

3. MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

Where the Group loses control of a subsidiary company, the gain or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interests, and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary company and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary company are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investment retained in the former subsidiary company at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under MFRS 9 *Financial Instruments* or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Revenue

The Group's and the Company's revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer.

A contract with their customer exists when the contract has commercial substance, the Group and the Company and their customers have approved the contract and intend to perform their respective obligations, the Group's and the Company's and the customers' rights regarding the goods or services to be transferred and the payment terms can be identified, and it is probable that the Group and the Company will collect the consideration to which it will be entitled to in exchange of those goods or services.

Revenue from contracts with customers is measured at its transaction price, being the amount of consideration which the Group and the Company expect to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties such as sales and service taxes or goods and service tax. If the amount of consideration varies due to discounts, rebates, penalties or other similar items, the Group and the Company estimate the amount of consideration that it expects to be entitled based on the expected value method or the most likely outcome but the estimation is constrained up to the amount that is highly probable of no significant reversal in the future. Transaction price is allocated to each performance obligation on the basis of the relative standalone selling prices of each distinct good or service promised in the contract. Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time.

Specific revenue recognition criteria for revenue and interest income earned by the Group and by the Company, are as follows:

Retail and Distribution

The Group and the Company is involved in the retailing and distribution of maternity, baby, toys and children's wear and related product through retail outlets, online platforms, wholesale networks and other channels.

For sale of goods to retail customers, revenue is recognised when control of the goods has transferred, being at the point the customer purchases the goods at the retail outlet. Payment of the transaction price is due immediately at the point the customer purchases the goods. This is the point when performance obligation is satisfied by given consideration to the significant payment terms and nature of goods or services promised.

For sale of goods to the retailers, revenue is recognised when control of the goods has transferred, being when the goods have been delivered to the retailer's specific location, net of discounts and returns. Following delivery, the retailer has the primary responsibility when selling the goods and bears the risks of obsolescence and loss in relation to the goods. Receivables are recognised by the Group and by the Company when the goods are delivered to the retailer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time if required before payment is due.

For consignment sale of goods, the Group delivers goods to the consignees but retains control of the goods. The Group does not recognise revenue on delivery of the goods to the consignee. Revenue is only recognised when the control is transferred to the end customers.

3. MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

Revenue

Dividend income

Dividend income is recognised when the Company's right to receive payment is established.

Foreign currencies

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). For the purpose of the financial statements of the Group and of the Company, the results and financial position of each entities are expressed in Ringgit which is the functional currency of the Company and the presentation currency in the financial statements of the Group and of the Company.

In preparing the financial statements of individual entity, transactions in currencies other than the functional currency (foreign currencies) are recorded at the rates of exchange prevailing on the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in other comprehensive income.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the period, calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current tax for current and prior periods is recognised as a liability (or an asset) to the extent that it is unpaid (or recoverable).

Deferred tax is provided for, using the "liability" method, on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in profit or loss, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in equity.

The carrying amount of deferred tax assets, if any, is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group and the Company intend to settle their current tax assets and liabilities on a net basis.

Employee Benefits

Short-term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the period in which the associated services are rendered by employees of the Group and of the Company.

Defined contribution plan

The Group and the Company are required by law to make monthly contributions to the Employees Provident Fund ("EPF"), a statutory defined contribution plan for all their eligible employees based on certain prescribed rates of the employees' applicable remuneration. Contributions are charged to profit or loss in the period in which they relate. Once the contributions have been paid, the Group and the Company have no further payment obligations.

Leases

As Lessee

The Group and the Company assess whether a contract is or contains a lease, at inception of the contract. The Group and the Company recognise a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group and the Company recognise the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group and the Company use the incremental borrowing rate specific to the lessee.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or a rate, initially measured using the index or a rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the statements of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability by using the effective interest method and by reducing the carrying amount to reflect the lease payments made.

Leases

As Lessee

The Group and the Company remeasure the lease liability and make a corresponding adjustment to the related right-of-use asset whenever:

- the lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;
- the lease payments change due to changes in an index or a rate or change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate, unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used; or
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Refundable deposit paid is a collateral provided to the lessor and is a financial asset. It is initially recognised at fair value and subsequently measured at amortised cost. The difference between the nominal amount and fair value of the refundable deposit at the commencement date represents an additional prepaid lease payment, is included in initial carrying amount of right-of-use assets.

Whenever the Group and the Company incur an obligation for costs to dismantle and to remove a leased asset, to restore the site on which it is located or to restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under MFRS 137 *Provisions, Contingent Liabilities and Contingent Assets*, to the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group and the Company expect to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line in the statements of financial position.

The Group and the Company apply MFRS 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss.

Variable rents that do not depend on an index or a rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in profit or loss.

Plant and Equipment

Plant and equipment are stated at cost less accumulated depreciation and any impairment loss. The cost of an item of plant and equipment includes the costs of its dismantlement, removal or restoration, the obligation for which the Group and the Company incur as a consequence of installing the item, discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money.

Plant and Equipment *cont'd*

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Group and to the Company and the cost can be measured reliably. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are charged to profit or loss in the period in which they are incurred.

Depreciation of plant and equipment is computed using the straight-line method at rates based on their estimated useful lives. The annual depreciation rates used are as follows:

Motor vehicles	20%
Computer equipment	33%
Renovation, furniture and fittings and electrical fittings - office	20% - 33%
Renovation, furniture and fittings and electrical fittings - stores	Over the period of lease
Operating, display and office equipment	20% - 33%

At the end of each reporting period, the residual values, useful lives and depreciation method of the plant and equipment are reviewed, and the effects of any changes in estimates are recognised prospectively.

Gain or loss arising from the disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset, and is recognised in profit or loss.

Inventories

Inventories, which consist mainly of trading merchandise, are valued at the lower of cost and net realisable value. Net realisable value represents the estimated selling price in the ordinary course of business less selling and distribution costs. Cost is determined on the weighted average basis which approximates actual purchase cost and includes all costs in bringing the inventories to their present location and condition.

Provisions

Provisions are made when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the end of the reporting period, and are discounted to present value where the effect is material.

At the end of each reporting period, provisions are revised by the directors and adjusted to reflect the current best estimate. Provisions are reversed if it is no longer probable that the Group and the Company will be required to settle the obligation.

Financial Instruments

Financial assets

Classification

The Group and the Company classify their financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through profit or loss or other comprehensive income); and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial Instruments *cont'd*

Financial assets *cont'd*

Classification *cont'd*

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading and the Group and the Company had made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ("FVTOCI"), gains and losses will be recorded in other comprehensive income except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss.

The Group and the Company reclassify their debt investments when and only when their business model for managing those assets changes.

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group and the Company commit to purchase or to sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group and the Company have transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the Group and the Company measure a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's and the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group and the Company classify their debt instruments:

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in profit or loss.

FVTPL

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises.

NOTES TO THE FINANCIAL STATEMENTS

3. MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

Equity instruments

The Group and the Company subsequently measure all equity investments at fair value. Where the group's management has made an irrevocable election to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's and the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in other gains/(losses) in profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Impairment of Financial Assets

The Group and the Company assess on a forward-looking basis the expected credit losses associated with their debt instruments carried at amortised cost and at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Group and the Company have the following financial instruments that are subject to the ECL model:

- Trade receivables
- Other receivables
- Refundable deposits
- Amount due from subsidiary companies
- Amount due from a related company

While cash and cash equivalents are also subject to the impairment requirements of MFRS 9, the identified impairment loss was immaterial.

ECL represent a probability-weighted estimate of the difference between the present value of contractual cash flows and the present value of cash flows that the Group and the Company expect to receive, over the remaining life of the financial instrument.

The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
 - the time value of money; and
 - reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.
- (a) General 3-stage approach for other receivables, refundable deposits, amount due from holding company, amount due from subsidiary companies and amount due from other related companies

At the end of each reporting period, the Group and the Company measure ECL through a loss allowance at an amount equal to the 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition. The Group and the Company recognise lifetime ECL when there has been a significant increase in credit risk since initial recognition.

- (b) Simplified approach for trade receivables

The Group and the Company apply the MFRS 9 simplified approach to measure ECL which uses a lifetime ECL for all trade receivables.

3. MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

Impairment of Financial Assets *cont'd*

At the end of each reporting period, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedures for recovery of amounts due.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement and the definitions of a financial liability or an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of direct attributable transactions costs. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

Financial liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'at amortised cost'.

Financial liabilities measured subsequently at amortised cost

Financial liabilities measured subsequently at amortised cost, including trade payables, other payables and accrued expenses, amount due to subsidiary companies and lease liabilities, are initially measured at fair value, net of transaction costs. Financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or a shorter period, to the amortised cost of a financial liability.

Derecognition of financial liabilities

The Group and the Company derecognise financial liabilities when, and only when, the Group's and the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid or payable is recognised in profit or loss.

Segment reporting

For management purposes, the Group is organised into operating segments based on their operations, which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 29, including the factors used to identify the reportable segments and the measurement basis of segment information.

Statements of Cash Flows

The Group and the Company adopt the indirect method in the preparation of the statements of cash flows.

Cash and cash equivalents comprise cash on hand and bank balances and fixed deposits with licensed banks excluding fixed deposits pledged for bank guarantees, which are short-term, highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

(i) Critical judgements in applying the Group's and the Company's accounting policies

In the process of applying the Group's and the Company's accounting policies, management is of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements.

(ii) Key sources of estimation uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year except for the following:

(a) Impairment of investment in subsidiary companies

The Company conducts an annual impairment review of its investment in subsidiary companies. The Company carried out the annual impairment test based on the Company's share of net total assets in these subsidiary companies, which represents the directors' estimation of fair values of these subsidiary companies.

The annual impairment review resulted in an impairment loss recognised during the financial year as disclosed in Note 11.

The carrying amount of investment in subsidiary companies of the Company is disclosed in Note 11.

(b) Deferred tax assets

Deferred tax assets are recognised for all unabsorbed tax losses, unabsorbed capital allowances and other deductible temporary differences to the extent that it is probable that future taxable profits would be available against which the unabsorbed tax losses, unabsorbed capital allowances and other deductible temporary differences could be utilised.

As at 31 December 2025, the Group and the Company did not recognise deferred tax assets in respect of unabsorbed tax losses and unutilised capital allowances. Management judgement is applied in assessing the recoverability of such items. Further details are disclosed in Note 12.

(c) Net realisable value of inventories

Inventories are valued at the lower of cost and net realisable value. In estimating the net realisable value of inventories, management considers the inventories' ageing, seasonal trend, current economic conditions, market demand and expectation of future prices.

As at 31 December 2025, trading goods measured at net realisable value for the Group and the Company amounted to RM675,117 and RM675,117 (2024: RM712,416 and RM275,351), respectively.

(ii) Key sources of estimation uncertainty *cont'd*

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year except for the following: *cont'd*

(d) Lease terms and incremental borrowing rates in relation to leases

The measurement of the right-of-use asset and lease liability for leases where the Group and the Company are lessees require the use of significant assumptions and estimates, such as lease term and incremental borrowing rate.

In determining the lease term, the Group and the Company consider all facts and circumstances that create an economic incentive to exercise an extension option. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

The Group and the Company cannot readily determine the interest rate implicit in the lease, therefore, they use the incremental borrowing rate ("IBR") to measure lease liabilities. In determining the incremental borrowing rate, the Group and the Company first determine the closest borrowing rate before using significant judgement to determine the adjustments required to reflect the term, security and value of economic environment of the respective leases.

(e) Provision for restoration costs

The Group and the Company use best estimates as the basis for measuring a provision. Management evaluates the estimates based on the Group's and the Company's historical experiences and other inputs or assumptions, current developments and future events that are reasonably possible under the particular circumstances. A referenced contractor price or market price is used as the best estimate. If an obligation is to be settled over time, the expected outflows are discounted at a rate that takes into account the time value of money and the risk that the actual outcome might differ from the estimates made.

8. LOSS PER SHARE

Basic

The calculation of basic loss per ordinary share at the end of the reporting period was based on the loss attributable to ordinary shareholders and a weighted average number of ordinary shares outstanding, calculated as follows:

	The Group	
	2025	2024
	RM	RM
Loss for the year	(4,438,805)	(3,050,913)
Weighted average number of ordinary shares	380,000,000	380,000,000
Basic loss per ordinary share attributable to owners of the Company (sen)	(1.17)	(0.80)

Diluted

The basic and diluted loss per share are the same as there were no dilutive potential ordinary shares.

	1,100,000	4,460,789

As at 31 December 2025, the Company conducted an impairment review of its investment in subsidiary companies, principally based on the Company's share of net total assets in these subsidiary companies, which represents the directors' estimation of fair values of these subsidiary companies.

This resulted in an impairment loss recognised on its investment in a subsidiary company, Queemay Toys (Malaysia) Sdn Bhd of RM3,360,789 (2024: RM2,639,211) as the carrying amount of the subsidiary company exceeded its net recoverable value as at end of the year.

The details of the subsidiary companies are as follows:

Name of entities	Principal place of business/ Country of incorporation	Principal activities	Proportion of ownership interest and voting power held by Group	
			2025	2024
			%	%
Global Product Solutions Sdn Bhd*	Malaysia	Distribution of children and maternity products.	100	100
Global Retail Network Sdn Bhd*	Malaysia	Distribution of children and maternity products.	100	100
Queemay Toys (Malaysia) Sdn Bhd*	Malaysia	Retailing, trading, distribution and e-commerce of toys.	100	100

The Board of Directors of the Company resolved to transfer all assets and liabilities of subsidiary companies, Queemay Toys (Malaysia) Sdn Bhd ("QMT") and Global Product Solutions Sdn Bhd ("GPS") (collectively, "Transfer of Business") to the Company effective 1 January 2025 and 1 April 2025 onwards, respectively. QMT and GPS became dormant then onwards.

11. INVESTMENT IN SUBSIDIARY COMPANIES cont'd

The Transfer of Business was based on the audited financial statements of GPS and QMT for the financial year ended 31 December 2024. No gain or loss was recognised on these transfers as they occurred between entities under common control.

* *The directors of the subsidiary companies has expressed intention to commence the winding-up process for the subsidiary companies in financial year ending 31 December 2026. Hence, the financial statements of the subsidiary companies have been prepared on a basis other than that of a going concern which includes, where appropriate, writing down the assets to net realisable value and reclassifying non-current assets and liabilities to current assets and liabilities. The financial statements of the subsidiary companies do not include any provision for the future costs of winding up except to the extent that such costs were committed at the end of the reporting period.*

As mentioned in Note 3, the tax effects of unabsorbed tax losses, unabsorbed capital allowances and deductible temporary differences which would give rise to deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the unabsorbed tax losses, unabsorbed capital allowances and deductible temporary differences can be utilised.

Pursuant to an Amendment to Section 44(5F) of the Income Tax Act 1967, the time limit to utilise unabsorbed tax losses has been extended to a maximum of 10 consecutive years. This Amendment is deemed to have effect from the year of assessment 2019. Furthermore, the unabsorbed tax losses brought forward from year of assessment 2018 can be carried forward for another 10 consecutive years of assessment (i.e. from year of assessment 2019 to 2028).

14. TRADE RECEIVABLES

Trade receivables comprise amounts receivable for the sale of goods. It is measured at amortised cost.

The credit period granted to the customers of the Group and of the Company for sale of goods ranges from 2 days to 90 days (2024: 2 days to 90 days).

Included in the Group's and the Company's trade receivables balance are debtors with a carrying amount of RM614,544 and RM614,544 (2024: RM138,748 and RMNil) respectively, which are past due at the end of the reporting period. The Group and the Company have assessed the expected credit losses to be RMNil (2024: RMNil) as there has not been a significant change in credit quality and the Group and the Company believes that the amount is considered fully recoverable based on past default experience and assessment of both the current as well as the forecast of conditions at the financial year end. The Group and the Company do not hold any collateral over these balances. The aging of these past due receivables ranges from 1 to 60 days (2024: 1 to 90 days).

Capital risk management

The objective of the Group's and of the Company's capital management is to safeguard the Group's and the Company's ability to continue as a going concern while maximising the return to shareholders through the optimisation of debt and equity balance. The Group's and the Company's overall strategy remain unchanged since previous year.

The Board of Directors reviews the capital structure of the Group and of the Company on a regular basis. As part of the review, the Board of Directors considers the cost of capital and risk associated with each class of capital.

The capital structure of the Group and of the Company consists cash and cash equivalents and equity of the Group and of the Company (comprising share capital and retained earnings), thus debt and equity ratio is not applicable.

Foreign currency sensitivity analysis

The following table details the Group's and the Company's sensitivity to a 5% increase and decrease in the Ringgit Malaysia against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% change in foreign currency rates. A positive number below indicates a profit where the Ringgit Malaysia strengthens 5% against the relevant currency. For a 5% weakening of the Ringgit Malaysia against the relevant currency, there would be a comparable opposite effect on profit after tax.

Interest rate risk management

The Group's and Company's investments in fixed deposits are not exposed to a significant risk of change in their fair values as they are not affected by changes in interest rates. Hence, any changes in interest rate in the near term are not expected to have a significant impact on the Group's and on the Company's financial performance. Accordingly, no sensitivity analysis is presented.

Credit risk management

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. Credit risk arises primarily from outstanding trade and other receivables. The Group and the Company extend credit to their customers based upon careful evaluation of the customers' financial condition and credit history. The Company monitors on an on-going basis the results of its subsidiary companies and repayments made by them.

For other financial assets (including cash and bank balances, fixed deposits with licensed banks and short-term investments), the Group and the Company minimise credit risks by dealing exclusively with high credit rating counterparties.

Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position. These receivables are not secured by any collateral or credit enhancements.

Impairment of financial assets

The Group's and the Company's financial assets that are subject to the expected credit loss ("ECL") model include trade receivables, other receivables, refundable deposits, amount due from subsidiary companies and amount due from other related companies.

Trade receivables using the simplified approach

The Group and the Company apply the MFRS 9 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The Group and the Company determined the expected credit losses based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. No significant changes to estimation techniques or assumptions were made during the reporting period.

Other receivables, refundable deposits, amount due from subsidiary companies and amount due from a related company using general 3-stage approach

The Group and the Company monitor the credit risks of other receivables, refundable deposits, amount due from subsidiary companies and amount due from a related company on a regular basis and the Group and the Company do not expect any counterparty to fail to meet its obligations. In addition, receivable balances and rental deposits are monitored on an ongoing basis and the Group's and the Company's exposure to default is low, and historically there were minimal instances where contractual cash flow obligations have not been met.

Other receivables, refundable deposits, amount due from subsidiary companies and amount due from a related company are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Group and the Company, and a failure to make contractual payments for a period of greater than 30 days past due.

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position.

Liquidity risk management

Liquidity risk is the risk that the Group and the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arise primarily from mismatches of the maturities of financial assets and financial liabilities.

The Group and the Company practise prudent liquidity risk management to minimise the mismatch of financial assets and financial liabilities and to maintain sufficient credit facilities for contingent funding requirement of working capital.

The table below summarises the maturity profile of the Group's non-derivative financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations. The table includes both interest and principal cash flows.

Fair values of financial instruments

The fair values of financial instruments refer to the amounts at which the instruments could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction. Fair values have been arrived at based on prices quoted in an active, liquid market or estimated using certain valuation techniques such as discounted future cash flows based upon certain assumptions. Amounts derived from such methods and valuation techniques are inherently subjective and therefore do not necessarily reflect the amounts that would be received or paid in the event of immediate settlement of the instruments concerned.

On the basis of the amounts estimated from the methods and techniques as mentioned in the preceding paragraph, the carrying amounts of all financial instruments approximate their fair values due to their relatively short maturity, except for non-current lease liabilities, the fair values of non-current lease liabilities are estimated by discounting expected future cash flows at market incremental borrowing rate at the commencement date of lease.

Financial assets that are measured at fair value

The fair values of short-term investments as disclosed in Note 16 are determined at their quoted closing prices, Level 1 input in the fair value hierarchy, at the end of the reporting period.

27. EMPLOYEE'S SHARE OPTION SCHEME ("ESOS")

On 18 June 2021, the Company established an ESOS of up to 15% of the total number of issued ordinary shares in the Company (excluding treasury shares, if any), at any point in time throughout the duration of the ESOS to eligible director(s) and employees of the Company and its subsidiary companies. During the financial year, there are no director(s) and employees of the Company and its subsidiary companies who are eligible for ESOS, as a result, there is no financial impact on the financial statements of the Group and of the Company as at 31 December 2025.

28. CAPITAL COMMITMENT

At the end of the reporting period, the Group and the Company has the following commitment in respect of acquisition of property, plant and equipment:

	The Group and the Company	
	2025	2024
	RM	RM
Contracted but not provided for	48,750	130,678

29. SEGMENT INFORMATION

The Group has arrived at two reportable segments, as described below, which are the strategic business units of the Group. The strategic business units are separated based on its operation activities. For each of the strategic business units, the Managing Director and Chief Financial Officer ("CFO") of the Group review the internal management reports at least on a quarterly basis.

Retail

Retailing of baby, children and maternity products.

Distribution

Distribution of baby, children and maternity products.

The performance of the reportable segments are measured based on segment's profit before tax.

Inter-segment revenue is priced along the same lines as sales to external customers and is eliminated in the consolidated financial statements. These policies have been applied consistently throughout the current and previous financial years.

Segment assets and liabilities

Following the Transfer of Business of subsidiary companies, Queemay Toys (Malaysia) Sdn Bhd ("QMT") and Global Product Solutions Sdn Bhd ("GPS") to the Company, segment assets and segment liabilities are neither included in the internal management reports nor provided regularly to the Group's chief operating decision maker for regular review. Accordingly, there is no further disaggregation of segment assets and segment liabilities of the Group from current financial year onwards.

Acquisition of plant and equipment is the total costs incurred during the year to acquire segment assets that are expected to be used for more than one period.

Geographical information

Geographical information is not presented as the Group operates primarily in Malaysia.

30. SIGNIFICANT EVENT

On 10 October 2025, the Company had entered into a conditional scheme agreement ("Scheme Arrangement") with Arvex Berhad ("Arvex"), a newly incorporated company established to serve as the holding company of Kim Hin Joo (Malaysia) Berhad ("KHJ"), to facilitate the implementation of the proposed internal reorganisation by way of a members' scheme of arrangement under Section 366 of the Companies Act 2016 comprising of the following (collectively referred to as "Proposed Internal Reorganisation"):

- i) proposed shares exchange of 380,000,000 ordinary shares in KHJ ("KHJ Share(s)"), representing the entire issued share capital of KHJ with 380,000,000 new ordinary shares in Arvex (including treasury shares, if any) ("Arvex Share(s)") on the basis of 1 new Arvex Share for every 1 existing KHJ Share held on an entitlement date to be determined later; and
- ii) proposed assumption of the listing status of KHJ by Arvex as well as the admission of Arvex to and withdrawal of KHJ from the Official List of Bursa Malaysia Securities Berhad ("Bursa Securities") with the listing of and quotation for all Arvex Shares on the ACE Market of Bursa Securities.

The Proposed Internal Reorganisation aligns with KHJ's long-term objectives to establish a more flexible corporate structure that enables the Group to pursue growth initiatives and business expansion in a more efficient and scalable manner. The establishment of Arvex as the new holding company will provide an adaptable platform to support future corporate exercises and expansion plans. It will also enhance resource allocation, risk management, and strategic focus.

As at 15 April 2026, the Proposed Internal Reorganisation has yet to be completed as it is subject to fulfilment of the conditions precedent as set out in the Scheme Arrangement.

"**THAT** subject to the provisions of the Constitution of the Company and the ACE Market Listing Requirements ("**ACE LR**") of Bursa Malaysia Securities Berhad ("**Bursa Securities**"), approval be and is hereby given to the Company and/or its subsidiaries to enter into and to give effect to the recurrent related party transactions ("**RRPTs**") of a revenue or trading nature with the related parties as stated in Section 2.4 of the Circular to Shareholders dated 27 April 2026 provided that:-

- a) the transactions are in the ordinary course of business and on normal commercial terms which are not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company; and
- b) the disclosure will be made in the Annual Report on the breakdown of the aggregate value of the RRPTs conducted pursuant to the Proposed Shareholders' Mandate during the financial year on the types of RRPTs made, the names of the related parties involved in each type of RRPTs and their relationships with the Company.

THAT the authority conferred shall continue to be in force until:-

- i) the conclusion of the next AGM of the Company following the forthcoming 45th AGM at which the Proposed Shareholders' Mandate is approved, at which time it will lapse, unless by a resolution passed at the AGM, the mandate is again renewed
- ii) the expiration of the period within which the next AGM of the Company is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- iii) revoked or varied by resolution passed by the shareholders in general meeting,

whichever is the earlier.

AND THAT the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing all such documents as may be required) as they may consider expedient or necessary to give effect to the Proposed Shareholders' Mandate."

8. To transact any other business of which due notice shall have been given.

NOTES:-

1. Pursuant to Rule 8.31A of the ACE Market Listing Requirements of Bursa Securities, all the resolutions set out in the Notice of AGM will be put to vote by way of poll. Poll Administrator and Independent Scrutineers will be appointed to conduct the polling process and verify the results of the poll respectively.
2. A member entitled to attend and vote at the 45th AGM may appoint another person as his proxy to attend and vote in his stead. A proxy may but need not be a member of the Company. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at a meeting shall have the same rights as the member to speak at the meeting.
3. A member shall be entitled to appoint not more than 2 proxies to participate, speak and vote at the meeting. Where a member appoints 2 proxies, the appointment shall not be valid unless the member specifies the proportion of his shareholding to be represented by each proxy.
4. Where a member is an Exempt Authorised Nominee which holds shares in the Company for multiple beneficial owners in one securities account ("omnibus account") as defined under the Securities Industry (Central Depositories) Act, 1991, there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
5. The proxy form shall be in writing, executed by or on behalf of the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, either under seal or under the hand of an officer or attorney duly authorised.
6. The proxy form and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority shall be deposited at the office of the Company's Share Registrar, Boardroom Share Registrars Sdn Bhd of 11th Floor, Menara Symphony, No. 5, Jalan Professor Khoo Kay Kim, Seksyen 13, 46200 Petaling Jaya, Selangor Darul Ehsan, Malaysia not less than 48 hours before the time for holding the 45th AGM or adjourned 45th AGM at which the person named in the proxy form proposes to vote, and in default the proxy form shall not be treated as valid.

7. For the purpose of determining who shall be entitled to attend this meeting, the Company shall be requesting Bursa Malaysia Depository Sdn Bhd to make available a Record of Depositors as at 19 May 2026 and only members whose names appear on such Record of Depositors shall be entitled to attend, speak and vote at this meeting and entitled to appoint proxy or proxies.

Explanatory Notes:

(1) Agenda 1 – To receive the Audited Financial Statements

Agenda item no. 1 is meant for discussion only as the provision of Section 340 of the Act does not require a formal approval of shareholders for the Audited Financial Statements. Hence, this item on the Agenda is **not put forward for voting**.

(2) Ordinary Resolution 2 - Payment of Directors' Fees from this forthcoming 45th AGM until the next AGM of the Company

Section 230(1) of the Act provides amongst others, the fees of the Directors and any benefits payable to the Directors of a listed company and its subsidiaries shall be approved at a general meeting.

Details of the Directors' fees for the financial year ended 31 December 2025 is disclosed in the Corporate Governance Report 2025.

The payment of Directors' Fees of RM278,000.00 from this forthcoming 45th AGM until the next AGM of the Company will only be made on quarterly basis in arrears after each quarter of completed service if the proposed Ordinary Resolution 2 has been passed at the 45th AGM.

(3) Ordinary Resolutions 3 and 4 - Re-election of Directors

The profiles of the Directors who are standing for re-election under Ordinary Resolutions 3 and 4 are set out in the Board of Directors' profile of the Annual Report 2025.

The performance, contribution, effectiveness and independence (as the case may be) of the retiring Directors, namely Ms Goh Poh Teng and Mr Hew Moh Yung have been assessed by the Nomination Committee ("NC"). In addition, the NC has also conducted an assessment on the fitness and propriety of the retiring Directors including the review of their fit and proper declarations in accordance with the Fit & Proper Policy. The retiring Directors have abstained from deliberations and decision on their own eligibility and suitability to stand for re-election.

Based on the recommendation of the NC, the Board endorsed the same, having been satisfied with the performance as well as the fitness and propriety of Ms Goh Poh Teng as Executive Director and Mr Hew Moh Yung as Independent Non-Executive Director and supports their re-election.

(4) Proposed Authority for Directors to Allot and Issue Shares pursuant to Section 76 of the Act

The proposed Ordinary Resolution 6 is a general mandate for issuance of shares by the Company under Section 76 of the Act. The mandate, if passed, will empower the Directors from the conclusion of this 45th AGM, to allot and issue up to a maximum of 10% of the total number of issued shares of the Company at the time of issue (other than bonus or rights issue) for such purposes as they consider would be in the best interest of the Company. This would eliminate any delay arising from and cost involved in convening a general meeting to obtain approval of the shareholders for such issuance of shares. This authority, unless revoked or varied at a general meeting, will expire at the next AGM of the Company.

At this juncture, there is no decision to issue new shares but the Directors consider it desirable to have the flexibility permitted to respond to market developments and to enable allotments to take place to finance business opportunities without making a pre-emptive offer to existing shareholders. If there should be a decision to issue new shares after the general mandate is obtained, the Company will make announcement in respect thereof.

(5) Proposed Shareholders' Mandate

The proposed Ordinary Resolution 7, if passed, will allow the Company and its subsidiaries to enter into RRPTs in accordance with Rule 10.09 of ACE LR of Bursa Securities.

For further information on Ordinary Resolution 7, please refer to the RRPT Circular dated 27 April 2026 accompanying the Annual Report of the Company for the financial year ended 31 December 2025.
