NOTES TO THE INTERIM FINANCIAL STATEMENTS FIRST QUARTER ENDED 31 MARCH 2019

A COMPLIANCE WITH MALAYSIA FINANCIAL REPORTING STANDARD (MFRS) 134: INTERIM FINANCIAL REPORTING AND THE ACE MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD ("BURSA SECURITIES") ("LISTING REQUIREMENTS")

A1 Basis of preparation

These condensed consolidated interim financial statements are unaudited and have been prepared in accordance with all the new MFRSs, Amendments to MFRSs and IC Interpretation issued by the Malaysian Accounting Standards Board ("MASB") and Rule 9.22 and Appendix 9B of the Listing Requirements.

These condensed consolidated interim financial statements should be read in conjunction with the Accountant' Report and the accompanying explanatory notes therein. The explanatory notes attached to these condensed consolidated interim financial statements provide an explanation of events and transaction that are significant to an understanding of the changes in the financial position and performance of Kim Hin Joo (Malaysia) Berhad and its subsidiary ("Group") since the financial year ended ("FYE") 31 December 2018.

A2 Changes in Accounting Policies

The accounting policies and methods of computation adopted by the Group in these quarterly financial statements are consistent with those adopted in the most recent annual audited financial statements for the year ended 31 December 2018 except for the adoption of MFRS 16 Leases that became effective and relevant to the Group for the financial period beginning 1 January 2019 as discussed below:

MFRS 16 'Leases' supersedes MFRS 117 'Leases'

MFRS 16 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on the statement of financial position. The standard removes the current distinction between operating and financing leases and requires recognition of an asset (the right to use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases.

The statement of profit or loss and other comprehensive income will also be affected because the total expenses is typically higher in the earlier years of a lease and lower in later years. Additionally, operating expense will be replaced with interest expense and depreciation, so key metrics like earnings before interest, tax, depreciation and amortisation ("**EBITDA**") will change. Operating cash flows will be higher as cash payments for the principal portion of the lease liability are classified within financing activities. Only the part of the payments that reflects interest expense can continue to be presented as operating cash flows.

The accounting by lessors will not significantly change. Some differences may arise as a result of the new guidance on the definition of a lease. Under MFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(Company No. 37655-U)

NOTES TO THE INTERIM FINANCIAL STATEMENTS FIRST QUARTER ENDED 31 MARCH 2019

B COMPLIANCE WITH APPENDIX 9B OF THE LISTING REQUIREMENTS

B1 Review of Performance

The Group recorded revenue of RM24.23 million and gross profit of RM12.43 million for the current quarter which represented an increase of 5.31% and 4.07% respectively, compared to the previous corresponding quarter. The Group managed to maintain gross profit margin at 51.29% in the current quarter, which is fairly consistent with the gross profit margin of 51.90% recorded in the preceding quarter ended 31 March 2018. The major contributor to the revenue stream of the Group was from the Retail segment, recording sales totalling RM20.63 million and accounted for 85.15% of the total revenue for the current quarter.

In the current quarter, the Group has expensed a total of RM0.49 million related to one-off listing expenses resulting in a profit before tax of RM2.82 million. If not for the one-off listing expenses, the Group's profit before taxation would be RM3.31 million which is relatively consistent with profit before taxation of RM3.35 million (which included loss from discontinued operation of RM0.20 million) recorded in the corresponding quarter ended 31 March 2018.

B2 Comment on material change in profit before taxation

	Current Quarter 31.3.2019 RM'000	Preceding Quarter 31.3.2018 RM'000	Variance RM'000	%
Revenue	24,233	23,010	1,223	5.31
Profit Before Taxation	2,821	3,347*	(526)	(15.72)

*Included loss from discontinued operation of RM 0.20 million

Revenue for the current quarter increased by 5.31% (RM1.22 million) as compared to the revenue recorded in the preceding quarter. This was mainly due to the expansion of our existing outlet at KLCC from 9,554 sq ft to 12,949 sq ft on 28th September 2018, which lead to a sales growth of 22% for the said outlet, as well as the growth in sales from some of the existing outlets of the Group.

Although the Group's revenue has increased for the current quarter, the Group recorded a lower profit before taxation for the current quarter 31 March 2019. This was mainly attributable to one-off listing expenses of RM0.49 million incurred in the current quarter under review.

B3 Variance between Actual Profit and Forecast Profit

The Group has not provided any revenue or profit forecast in any public documents and announcements.

(Company No. 37655-U)

The effective tax rates of the Group for the current quarter and current year-to-date were slightly higher than the Malaysia statutory tax rate due mainly to certain non-deductible expenses by the Group.
